Probable Cause

On Saturday February 24th, at approximately 1:50 am, I Trooper Aime was dispatched to an accident that occurred on northbound Interstate 95 (SR-9), south of Blue Heron Blvd (SR-708). Upon arrival, I observed Riviera Beach fire rescue on scene. Upon making contact with fire rescue personnel they advised me that the driver kept saying to please help him out and that he does not want a DUI and that the vehicle stalled causing the wreck. While speaking with fire rescue personnel, I looked towards the vehicle. The windows were clear of sunscreen material and the driver was still sitting in the driver seat. I approached the vehicle on the driver side and make contact with the driver. The first word out of the drivers mouth was that he did not want a DUI, his vehicle stalled and to help him out. While the driver was speaking, I could smell the odor of an unknown alcoholic beverage and his speech was slurred, heavy tongued and wearing his sunglasses. I asked him where he was heading to and he stated that he was going home. I asked where he was coming from, he stated West Palm Beach.

I advised him that I smell alcohol out of his breath and how much he had to drink and he stated one drink. He already had the registration of the vehicle in his hand. He handed the registration to me and stated that it was his driver license which was in the possession of fire rescue and later retrieved from them. He also advised that he handed me his insurance card which he never produced and stated that he had given it to fire rescue personnel. While sitting in my vehicle, completing the crash report, the driver made several attempt to start the vehicle. Upon the arrival of the tow truck, the first thing he uttered to the driver was that he did not want a DUI. The driver then exited the vehicle. He seemed overly careful, unstable on his feet, balancing himself using the vehicle door and walked towards the front of the vehicle while I continued with the crash report.

Upon completion of the report, I provided Mr. Clemens with a copy and explained it to him. I then changed hats and advised Mr. Clemens that the crash investigation had been completed and I was starting an investigation for DUI. I then asked Mr. Clemens to perform roadsides exercises. After completion of the roadside exercises, I placed Mr. Clemens under arrest, charged him with DUI and transported him to the Palm Beach County Jail
