Probable Cause

On 11/14/2019 at approximately 6:00PM I received a call for a crash involving two vehicles. The crash originated on Interstate 95 (State Road 9) southbound at Forest Hill Boulevard, Palm Beach County, Florida. On my arrival to the scene I was able to observe two vehicles on the right shoulder next to the concrete wall. One of the vehicles was identified as a road ranger marked vehicle bearing a Florida Tag: HHHT11. The other vehicle was identified as a gray in color Dodge Ram bearing Texas Tag: LTY4667, vin number: 12920043494250015. The vehicle was registered to a ADAM CHRISTOPHER WALSH. The road ranger was identified as Javier Antonio Brito by his Florida Driver's License B-630-421-69-350-0. The driver of the gray in color Dodge Ram was later identified as Adam Christopher Walsh by his Texas Driver's License 44181116. Mr. Brito observed Mr. Walsh inside the vehicle and then exiting the vehicle. Mr. Brito stated that while talking to Mr. Walsh he was able to smell a strong odor of alcohol. When I arrived on scene Mr. Walsh was standing on the right shoulder and was talking to a fire fighter. I asked Mr. Walsh to provide me with his Driver's Permit, Vehicle registration and Vehicle insurance. Mr. Walsh had trouble getting his Driver's License out of his wallet. Mr. Walsh was observed losing his balance multiple times, he walked to his vehicle to get the other documents was not able to maintain his balance. While at the proximity of Mr. Walsh I was able to smell a strong odor of an unknown alcoholic beverage emanating from his mouth area. Mr. Walsh also presented with watery/glassy eyes, flushed red skin and slurred speech. Mr. Walsh was not able to find the required documents inside his vehicle; he was observed fumbling with an envelope while searching for the documents. Mr. Walsh was asked multiple times if he was ok due to his lack of balance. Mr. Walsh walked towards his vehicle and hit his right arm after losing his balance. Mr. Walsh was told not to get inside his vehicle and to stand next to the concrete median wall for his safety. Mr. Walsh was not able to follow instructions and attempted to get inside the vehicle multiple times. After finishing the crash investigation and provided Mr. Walsh with the appropriate documentation I informed him that based on my observations I was going to conduct a DUI investigation. Mr. Walsh became defensive and stated that he was not drunk. I told Mr. Walsh that we were going to relocate to the Lantana Substation due to the hazardous conditions on the roadway at the time (wet roadway and traffic). Before putting Mr. Walsh in the back of my patrol car I asked him if he was willing to perform the Standardized Field Sobriety Exercises, he stated yes. While attempting to handcuff Mr. Walsh to relocate to a safe area Mr. Walsh was tensing his right arm and was not cooperating. Mr. Walsh stated that he needed to go to the Psychiatric Hospital and did not want to go to jail, he stated he was suicidal. I placed Mr. Walsh in the back of my vehicle and relocated him to the Lantana Substation located just east of Interstate 95 on Lantana Road. Mr. Walsh stated that he had a dog in the back seat of his truck, while doing the inventory of the truck I did notice dog hair but could find the dog. Later Mr. Walsh said that the dog was inside his camper. While performing the inventory of the gray in color Dodge Ram I was able to find four green cans of beer, three of them were closed and cold to the touch, one of them was open with
