PROBABLE CAUSE

On the above date and time, I was in service in Palm Beach County, FL. I was traveling northbound on Interstate 95 north of Boynton Beach Blvd, when I observed a four door Infinity sedan traveling at a high rate of speed, failing to maintain a single lane. I pulled behind the vehicle, activated my emergency equipment, and initiated a traffic stop. I approached the vehicle, and identified the driver through his Florida identification card as Mr. Brett Harrison Powell. While requesting for the subject's registration and proof of insurance, I observed the odor of an unknown alcoholic beverage emitting from the subject's mouth. The subject's eyes were red in color and glossy. His speech was mumbled and slurred. Due to the safety of the subject, we relocated to the parking lot of Taco Bell off of Hypoluxo Road just east of Interstate 95. With the assistance of Trooper Wright, an area was prepared to conduct roadside exercises. Horizontal Gaze Nystagmus:

Prior to beginning the exercise, it was determined the subject was not wearing contacts or corrective lenses at the time. The subject's eyes displayed equal tracking and his pupils were equal sizes. The subject was instructed to follow the stimulus with his eyes only, keeping his head still. After stating he understood the instructions, the subject started the exercise.

The results of this exercise displayed 6 of the 6 possible clues.

- A lack of Smooth Pursuit in his left eye.
- A lack of Smooth Pursuit in his right eye.
- A distinct and sustained nystagmus in the left eye at maximum deviation.
- A distinct and sustained nystagmus in the right eye at maximum deviation.
- An onset of nystagmus in the left eye prior to 45 degrees.
- An onset of nystagmus in the right eye prior to 45 degrees.

Walk and Turn:

The subject was instructed to put his left foot on the line and his right foot in front of it with his right heel touching the toe of his left foot. He was instructed to stand in this manner with his hands to his sides until the instructions were completed and demonstrated. The subject was instructed not to begin until told to start. He was instructed to take nine steps along the line in a heel-to-toe manner. After the ninth step, he was advised to stop and turn around keeping his pivot foot on the ground, taking several small steps with the other foot to turn around. After turning around, he was to take nine steps in a heel-to-toe manner back along the line, in the direction he had come from. The subject was further instructed to watch his feet at all times while walking, keeping his arms down to his side, and to count his steps out loud. After the exercise was demonstrated, the subject stated he understood the instructions and was instructed to begin the exercise.

After attempting the Walk and Turn, the subject displayed 5 of 8 possible clues.

Walk and Turn observations:

The subject failed to stay in the starting position. On the first set of steps, the subject failed to take the correct number of steps. The subject failed to make a proper turn. On the second set of steps, the subject failed to walk in a heel to toe manner. The subject stepped off the line on steps 4 and 5.

One Leg Stand:

Prior to attempting this exercise, the subject indicated he did not have any medical problems that would have prevented him from performing the test. The subject was instructed to stand with his heels together and hands down to his sides while the instructions were given during the exercise. The subject was instructed not to begin until told to do so. The subject was advised to raise the foot of his choice off the ground approximately 6 inches keeping his foot parallel with the ground. While his leg was raised, the subject was advised to keep his leg straight, watch his raised foot, and to count out loud by thousands (one thousand one, one thousand two, one thousand three...) and to continue the until told to stop (25 seconds). After the exercise was demonstrated, the subject was advised if he understood the instructions to which he replied yes. I advised the subject if he didn't have any questions, he may begin the exercise. When the subject attempted this exercise, he raised his right foot. During the exercise, the subject displayed 0 of the 4 possible clues.

I then advised the subject as well as dispatch at 01:42 am that he was being placed under arrest pursuant to Florida Statue 316.193 operating a motor vehicle under the influence of alcohol and or a controlled substance. The subject was then properly searched, and placed in the back seat of Trooper Wright's marked patrol vehicle. The subject was transported to the Palm Beach County Jail. Upon arrival to the Palm Beach County Jail, the driver was escorted to the Breath Alcohol Testing Center at 02:27am, and a 20 minute observation was conducted to ensure the driver did not take anything by mouth or regurgitate. After the 20 minute observation, the driver was taken into the testing room and was asked to submit to a test of his breath. The subject

refused to submit a lawful test of his breath at 02:50 am. I read the subject, Miranda, to which he replied he understood. The subject was read implied consent to which he still refused. The subject was then transported over to the booking side and was processed without any incident to himself. Video of the field sobriety exercises as well as transport to the county jail are available upon request with FHP custodian.

issued Citation # A75YRME.

That on or about the 23rd day of April, 20 17, at 0250 ☐ P.M. ☒ A.M.
in PALM BEACH COUNTY County,

I requested that the driver submit to a ☒breath and/or ☐urine test to determine his or her blood alcohol level and/or the presence of chemical or controlled substances. I informed the driver that the refusal to submit to such test(s) would result in the suspension of his or her driving privilege for a period of one (1) year for a first refusal, or for a period of eighteen (18) months if his or her driving privilege had been previously suspended for refusing to submit to a breath, urine or blood test. I also informed the driver that he or she commits a misdemeanor by refusing to submit to a lawful test as requested above if his or her driving privilege has been previously suspended for refusal to submit to a lawful test of his or her breath, urine, or blood. Additionally, I informed the driver that if he or she holds a CDL, or was operating a CMV, refusal will result in the disqualification of the Commercial Driver's License/driving privilege for a period of one (1) year in the case of a first refusal or permanently if he or she has previously been disqualified as a result of a refusal to submit to any such lawful test. Nonetheless, the driver refused to submit to the test(s) requested.
