On the above date and time, I responded to a vehicle rollover crash on Lyons Rd. just south of Blue Mountain Ave. in unincorporated Boynton Beach, Palm Beach County, FL. Upon my arrival, I made contact with drivers of both vehicles involved in the crash (Reference PBSO# 17-150125). I observed the driver of V1 identified as Mr. Christopher Webster wearing a blue polo type shirt/ black pants standing next to his vehicle a Ford Fiesta bearing FL tag GNYC26. As I spoke with Mr. Webster, I perceived a sweet aroma of an unknown alcoholic beverage. I also observed Mr. Webster to have red blood shot glassy watery eyes and slurred speech. Mr. Webster provided me with his account of the incident and upon him concluding, I observed him to sway side to side as he walked away and when standing he continued to maintain himself upright. I continued with my investigation of the accident and discovered 2 (two) open and empty bottles of "Fireball" Cinnamon Whiskey inside of Mr. Webster's vehicle.

Based on these facts, I requested the assistance of a PBSO DUI unit. DUI Investigator Christopher Ficarra arrived on scene and DUI case was turned over to him for investigation.

The undersigned certifies and swears that he/she has just and reasonable grounds to believe, and does believe that the above named Defendant committed the following violation of law.
 The Person taken into custody
 committed the below acts in my presence. was observed by _____ who told _____ that he/she saw the arrested person commit the below acts.
 confessed to _____ admitting to the below facts. was found to have committed the below acts, resulting from my (described) investigation.
 On the **10th** day of **November** 20**17** at **1734** A. M. P. M. (Specifically include facts constituting cause for arrest.)

After speaking with Robert I observed the Fiesta. I saw the two bottles of Fireball Whiskey on the roof of the vehicle. The bottles contained a small amount of liquid inside them. I then spoke with Christopher who was still in the rear of D/S Ramirez's patrol vehicle. As he was sitting in the vehicle I observed that his pupils were very large (dilated). I could smell the obvious odor of an unknown alcoholic beverage coming from the rear of the vehicle. I then asked Christopher who appeared cold if he wanted to come out of the vehicle which he did. I observed that Christopher's eyes were very glassy and slightly red. His speech was noticeably slurred when he spoke. The odor of an unknown alcoholic beverage was more obvious when he spoke as well. As Christopher stood still I observed that he swayed in a circular motion. He did not appear to have any signs of injury from the crash. He did not have any visible injuries to his head but he did have a obvious black seat belt mark across the front of his blue shirt. He was also wearing black slacks and black dress shoes. I then spoke with Christopher about the crash and observed that his speech remained slurred and the odor became more evident.

I identified myself to Christopher and explained to him that the crash investigation was completed and I was then conducting a DUI investigation. I explained to him that I would read him his Constitutional Warnings prior to speaking with him about the DUI investigation which he stated he understood. He also understood his Warnings as read to him.

Post- Constitutional Warnings Christopher stated the following: He did not have any injuries sustained in the crash and Fire Rescue had checked him out already. He did not have any medical issues such as diabetes or seizure. He did not have any physical defects or injuries. He did not have any issues with his eyes and did not wear glasses or contacts. Christopher stated that he was not under the influence. Christopher stated he had no issues with his speech normally. Christopher stated that he was looking at his phone, then he was upside down and crawling out of his car. He did not remember anyone helping him out of the car even though the other driver did assist him. Christopher stated that he may have hit his head but I did not observe any signs of injury to his head at that time. I explained that I did observe his seat belt mark on his chest which showed he was in the drivers seat wearing the belt. I advised him that I observed the two bottles of Fireball in the vehicle which Christopher stated were way old and from passengers. I explained my observations of Christopher to him and asked him how much he had to drink that night. Christopher stated that he did not drink anything and did not think he was slurring his words. Christopher stated that he took Xanax (2 mg) at approximately 4 PM which he took for anxiety twice daily. Christopher stated that he worked at Aperio Kitchen and Bar which was located at Delray Marketplace. Christopher stated that he only took the Xanax and not illegal drugs or marijuana. He stated that the vehicle was registered to him, no one else was in the vehicle at that time, and he was driving it at that time of the crash.

Based on my observations I asked Christopher to submit to standardized field sobriety tasks which he stated he would do. He was able to see the white fog line of the roadway to use during the task since the ground was wet and tape could not be used. Christopher stated he would keep his shoes on because he did not want to get his feet wet. (See roadside task page for further)

D.U.I. PROBABLE CAUSE AFFIDAVIT

ON THE 10th DAY OF November 20 17, AT 1734 AM PM

SUBJECT: Webster Jr Christopher Frederick CASE NUMBER: 17150155

AGENCY: PALM BEACH COUNTY SHERIFF'S OFFICE ARRESTING OFFICER: Inv. Christopher Ficarra

PERSONAL CONTACT

DRIVING PATTERN: ACTUAL PHYSICAL CONTROL (PHYSICAL EVIDENCE OR STATEMENTS PUTTING DEF. BEHIND WHEEL OF VEHICLE)

On 11/10/2017 at approximately 1845 hrs I responded to the intersection of Lyons Road and Blue Mountain Ave, in unincorporated Palm Beach County, in reference to a DUI crash investigation. Upon my arrival I observed a dark green Ford Fiesta bearing Florida tag GNYC26 rolled over onto its roof straddling the right turn and east most straight thru lane. There was heavy front end and roof damage to the vehicle. The airbags had also deployed as well. I observed a silver Ford Fusion bearing Florida tag 778WZI stopped on the east shoulder of Lyons Road facing north bound with heavy rear end/bumper damage. Palm Beach County Fire Rescue had already been on scene to medically assess both drivers of the vehicles (reference run number: 17-121448). Neither driver had to be transported or medically treated for any injuries. I then spoke with Deputy Ramirez ID: 26733 who had the driver of the Fiesta in the rear of his patrol vehicle due to him being cold and it being rainy outside. The driver, later identified verbally as Christopher Frederick Webster Jr (the registered owner of the Fiesta, identity confirmed through DAVID) was not arrested nor was he in handcuffs at that time. I then spoke with D/S Rodriguez ID: 13919 who was conducting the crash investigation (crash case 17150125).

OBSERVATION OF DRIVER:

D/S Rodriguez stated to me the following: The driver of vehicle 2 (Ford Fusion) had dragged the driver of vehicle 1 (Ford Fiesta) out of his vehicle. He also provided a sworn written statement regarding the incident. D/S Rodriguez stated that the driver of the Fiesta had a sweet, cinnamon type odor on his breath. He located two bottles of Fireball Whiskey (cinnamon whiskey) in the overturned Fiesta. He stated that Fire Rescue also checked to make sure the driver of the Fiesta, Christopher, was not having a diabetic emergency which they advised he was not. D/S Rodriguez stated that Christopher was slurring his words, his eyes were glassy but possibly red due to the crash (see attached supp PC for further). D/S Rodriguez supplied me with the driver of the Fusion, Robert Douglas, sworn written statement in which he identifies Christopher as the driver of the Fiesta (see attached for further).

DRIVER'S STATEMENTS:

D/S Benson ID: 16736 took photographs of the crash scene. I then spoke with Robert who stated he was okay and had no injuries. He then reiterated the incident to me where he again gave Christopher's driving pattern, identifying him as the driver of the Fiesta, and stating that Christopher was the only person in the Fiesta. (see attached supp PC for further)

ODORS:

Obvious odor of an unknown alcoholic beverage on his breath as he spoke.

GENERAL OBSERVATIONS

SPEECH: Slurred

ATTITUDE: Calm, compliant

CLOTHING: Blue t-shirt, black slacks, black shoes

MEDICAL/OTHER: No medical issues (no diabetes or seizures), no physical defects or injuries, no issues with eyes (does not wear glasses or contacts), stated took Xanax for anxiety at approx 1600, no illegal drugs taken, kept shoes on for tasks

Other Observations:

The overhead blue police lights were turned off prior to the tasks. Christopher's eyes tracked equally, the pupils were the same size, were appropriate for the lighting conditions (however his pupils were very large, dilated), and no resting nystagmus was observed. Vertical gaze nystagmus was administered and was observed. Lack of convergence was administered and was observed. Right eye looped in then down and out with left eye staying straight ahead. Christopher moved his head during the task and swayed in a circular motion.

WALK & TURN:

I explained and demonstrated the instructions for the walk and turn task to Christopher who stated that he understood. During the task I observed that Christopher had the following cues: couldn't keep balance while listening to instructions (raised arms, swayed side to side); when getting into instructed position he placed feet on line then immediately moved his right foot back off the line); missed heel-to-toe on steps: 2nd through 10th step on first set then on each return step; stepped off the line on 5th step on first set; raised arms up after second set of steps during a turn; improper turn (loses balance stumbled to left after turn, pivoted on both feet and not as instructed); took incorrect number of steps: 10 on first set then 9 on the return; stepped off line after making a second turn after second set of steps; did not count steps as instructed.

ONE LEG STAND:

During the task I observed that Christopher had the following cues: swayed while balancing; used arms for balance (raises arms over six inches); put foot down four times (before 30 seconds); tasks stopped at 21 seconds because I did not want him to fall; did not look at raised foot or point as instructed, had to be reminded to.

FINGER TO NOSE:

I explained and demonstrated the instructions for the finger to nose task to Christopher. I explained what is considered the tip of the finger and tip of the nose to Christopher who stated that he understood. He also knew his left from his right. During the task I observed that Christopher had the following cues: tilted head back and closed eyes before being told to; touched bottom of nose on 1st, 2nd, and 3rd instructed hands; touched side of nose on 6th instructed hand; swayed in a circular motion during task; used pad and not finger tip as instructed.
