On 04/28/2019 at approximately 0225 hours I was dispatched to the area of Hypoluxo Road and Smith Farm Blvd in reference to a suspicious vehicle. Prior to my arrival dispatched advised me that the caller identified as Stephen McGee stated that he believed that a silver Porsche SUV was following him and the vehicle was now traveling east bound on Hypoluxo Road. Stephen advised that he was able to get behind the vehicle and advised dispatch that the vehicle was driving east bound on Hypoluxo road past Jog Road. I observed the silver Porsche SUV (FL tag IYT80) driving east bound along the 5000 block of Hypoluxo Road. The silver Porsche was traveling in the center lane. As I got behind the vehicle I noticed the vehicle veer over to the right lane two times and pull back into the center lane. I also noticed the vehicle was equipped with dark window tints. I conducted a traffic stop on the vehicle for the traffic infraction. The vehicle pulled into the Dunkin Donuts parking lot located at 4430 Hypoluxo Road.

I made contact with the driver and sole occupant of the vehicle identified by his Florida Driver's License as Eddy Thomas. I advised Eddy the reason for the stop. Thomas appeared confused as to why I conducted a traffic stop on his vehicle. When asking Eddy for his driver's license he appeared to be opening a closing various compartments in his vehicle searching for his driver's license. Eddy then picked up a business card and attempted to hand it to me. After Eddy was able to locate his driver's license I asked him for his vehicle registration. Eddy then attempted to hand me his entire wallet and appeared confused. While speaking to Eddy, I observed that his eyes were watery and glassy and that he was slurring his speech while speaking to me. I also smelled the aroma of an unknown alcoholic beverage coming from Eddy's breath when speaking with me.

At this point, I contacted DUI Investigator R. Soriano #9418 to respond to conduct a DUI investigation.

PERSONAL CONTACT

DRIVING PATTERN: ACTUAL PHYSICAL CONTROL (PHYSICAL EVIDENCE OR STATEMENTS PUTTING DEF. BEHIND WHEEL OF VEHICLE)

On Sunday, April 28th, 2019 at approximately 02:15 hours, I responded to 4430 Hypoluxo Road in unincorporated Palm Beach County to a suspicious vehicle call involving a possible impaired driver. Upon my arrival, I observed a silver Porsche Macan bearing Florida tag # "ITY-T60" parked in a parking spot directly in front of a closed business. Directly behind was Deputy Chahine's (#31811) marked patrol car. Upon exiting my vehicle, I met with Deputy Chahine, who told me the following. "On 04/28/2019 at approximately 0225 hours I was dispatched to the area of Hypoluxo Road and Smith Farm Blvd in reference to a suspicious vehicle. Prior to my arrival dispatched advised me that the caller identified as Stephen McGee stated that he believed that a silver Porsche SUV was following him and the vehicle was now traveling east bound on Hypoluxo Road. Stephen advised that he was able to get behind the vehicle and advised dispatch that the vehicle was driving east bound on Hypoluxo road past Jog Road. I observed the silver Porsche SUV (FL tag ITY-T60) driving east bound along the 5000 block of Hypoluxo Road. The silver Porsche was traveling in the center lane. As I got behind the vehicle I noticed the vehicle veer over to the right lane two times and pull back into the center lane. I also noticed the vehicle was equipped with dark window tints. I conducted a traffic stop on the vehicle for the traffic infraction. The vehicle pulled into the Dunkin Donuts parking lot located at 4430 Hypoluxo Road.

I made contact with the driver and sole occupant of the vehicle identified by his Florida Driver's License as Eddy Thomas. I advised Eddy the reason for the stop. Thomas appeared confused as to why I conducted a traffic stop on his vehicle. When asking Eddy for his driver's license he appeared to be opening a closing various compartments in his vehicle searching for his driver's license. Eddy then picked up a business card and attempted to hand it to me. After Eddy was able to locate his driver's license I asked him for his vehicle registration. Eddy then attempted to hand me his entire wallet and appeared confused.

While speaking to Eddy, I observed that his eyes were watery and glassy and that he was slurring his speech while speaking to me. I also smelled the aroma of an unknown alcoholic beverage coming from Eddy's breath when speaking with me. At this time, I requested for a DUI investigator to respond."

OBSERVATION OF DRIVER:

Afterwards, I approached the vehicle on the driver side and made contact with the driver who was sole occupant and whom I identified as Eddy Thomas via his valid Florida driver's license. I observed Thomas was wearing dark blue dress pants, white long sleeve button up shirt, and a dark blue suit (jacket). While questioning Thomas, I observed that he seemed to be confused by my questions when I asked him if he had been explained the reasons for the traffic stop by Deputy Chahine. Thomas stated he was stopped for illegal tint and I further explained he was also stopped for not maintaining a single lane while driving eastbound on Hypoluxo Road. While I was speaking with Thomas, I observed his eyes appeared red and glossy. I observed that he was slurring his words and had a strong odor of an unknown alcoholic beverage coming from his breath. Thomas was asked to exit the vehicle to perform field sobriety tasks which he agreed to.

DRIVER'S STATEMENTS:

Once in front of my vehicle. I asked Thomas if he had been drinking or used any drugs. Thomas stated he drank two Haitian beers while attending a communion earlier in the evening. I asked Thomas if he had any medical problems and/or previous injuries and he answered "no." I asked Thomas if he wore any glasses or contacts to correct his vision. Thomas answered he wore glasses but did not need them to see. I asked Thomas if he takes any medications and he also answered "NO!"

ODORS:

Obvious odor of an unknown alcoholic beverage

RT- EYE-ONSET OF NYSTAGMUS PRIOR TO 45 DEGREES

Other Observations:

HGN: I conducted my investigation. I instructed Thomas to keep his hands by his side, stand with his feet together, and follow a red light stimulus with his eyes not turning his head. I asked him if he understood my instructions. Once Thomas verbally stated he understood my instructions the task was performed. I observed both eyes to be red, bloodshot, and glossy. His left and right eye displayed equal pupil size, equal tracking, and a lack of smooth pursuit. I observed distinct and sustained nystagmus was present in both his left and right eye at maximum deviation during two separate four second evaluations. The onset of nystagmus was prior to a 45 degree angle in both his left and right eye during two separate four second evaluations. Vertical nystagmus was not present in both the left and right eye during two separate four second evaluations. While conducting the task, I had to remind him to keep hands by his side, not turn his head and follow the stimulus multiple times.

WALK & TURN:

I positioned Thomas on a yellow line created using yellow duct tape, which was on a smooth and level surface, free of any debris and well lit by the headlights on my vehicle and nearby street lighting. I instructed Thomas to place his left foot on the line and his right foot in front of the left touching heel to toe. I instructed him that he was to keep his hands at his side and stay in this position until I instructed him to do otherwise. Once placed into the instructed position, I explained and demonstrated the rest of the task. During the task, I observed Thomas swayed while balancing, started too soon, stopped walking to steady self, did not touch heel to toe. Used arms to maintain balance (+6"), did not turn properly. incorrect number of steps.

ONE LEG STAND:

I placed Thomas with his feet together and arms at his side. Once Thomas was placed into the instructed position, I explained and demonstrated the rest of the task. Once Thomas stated he understood, the task was performed. During the task, I observed, Thomas could not maintain the instructed position, he started too soon and swayed while standing stationary. While raising his foot he swayed while balancing, put foot down twice within 30 seconds.

FINGER TO NOSE:

I instructed Thomas to stand with his feet together, make each hand into a fist keeping, extended his index fingers and to place his palms facing up. He was instructed to lower his arms by his side. I instructed and demonstrated the proper hand and arm position and for him to remain in this position while I demonstrated the rest of the task. I instructed and demonstrated to him to place his head back approximately 45 degrees and close his eyes while waiting for a verbal command of left or right. On the command of "left" or "right", he would raise the requested hand, touch the tip of his finger to the tip of his nose, then bring his hand immediately back down to his side. During the instruction and demonstration of the task he swayed heavily while standing in the instructional position. I asked him if he understood the instructions I provided and he verbally stated he understood. I instructed him to start the task as explained. During the task, I observed Thomas did not keep eyes closed, failed to return arms to side, correct finger did not touch tip of nose, used wrong hand.

ROMBERG ALPHABET:

I verbally inquired if Thomas could recite the entire English alphabet. He stated he was able to recite the English alphabet and I instructed him to place his feet together with his arms at his side and stay in this position until told to do otherwise. I instructed him that upon starting he was to tilt his head back approximately 45 degrees and close his eyes. He would begin to state the alphabet in a slow and methodical manner without singing or rhyming it. I asked him if he understood the instructions and he verbally replied he understood. During the instructions he continued to sway while standing stationary. I instructed Thomas to start the task as explained. During the task, I observed Thomas did not keep eyes closed, swayed more than (+2") from front to back, used arms for balancing and did not recite alphabet as instructed.
