On the <u>22</u> day of <u>December</u>, <u>2018</u> at <u>02:39</u> (Specifically include facts constituting cause for arrest) On 12/22/18, at 0217 hours, while patrolling the area of 2500 W. Yamato Rd., I observed a vehicle that was stopped in the eastbound turning lane onto St. Andrews Blvd, blocking the pedestrian crosswalk. As I approached the vehicle, I noticed a W/M urinating outside the vehicle. Once the W/M saw my vehicle he quickly got into his vehicle and attempted to drive eastbound on W. Yamato Rd. I then activated my lights and sirens to initiate a traffic stop. The vehicle was a blue Kia Sportage bearing FL tag #941MTF, which was registered to an Edward Henner. I made contact with the driver, who was later identified by his FL DL as W/M Edward Henner (61 YOA). I identified myself as a BRPD officer and asked Edward if he knew why I was stopping him. Edward stated yes, I asked him to inform me why and he stated because he had to pee. I asked Edward where he was coming from which he stated, O'Conner (bar) in Delray. I requested Edward to provide me with his DL, registration, and insurance. Edward said ok and handed me his FL DL. Edward then stared at me as if he had completed the task I had just asked. I then asked Edward again for his insurance and registration after a pause. Edward handed me his insurance and handed me the title to his vehicle. I showed Edward the title and asked him what the paperwork was, and he stated it was his insurance. While speaking with Edward, I smelled the odor of alcohol emanating from his vehicle. I also noticed he had glossy eyes and was speaking in a slurred manner. Edward asked if he could step out of the vehicle in order to locate his registration, I told him he could. As Edward made his way around his vehicle over to the passenger side, I notice he was unable to maintain his balance and appeared to be leaning forward as if he were falling. Edward was unable to locate his registration, I informed Edward to not worried about the registration at his point. I informed Edward I was able to smell alcohol emanate from his person. I asked Edward if he had been drinking and he stated yes. I asked Edward how much he had to drink, he stated three shots. I asked Edward what

time he thought it was and he stated three shots. I asked Edward if he knew what road he was on and he said on 2nd Ave, I asked what city and he stated Delray. Based on my observations I asked Edward if he would submit to roadside sobriety tasks to dispel my alarm that he was driving under the influence. Edward stated that he would submit to the tasks. I then walked him over to a well-lit area and asked him if he had any medical problems or medical issues that would prevent him from doing the tasks. Edward advised that he had no medical or physical issues that would prevent him from conducting the tasks. The tasks that were conducted were the Walk and Turn, One Leg Stand, Finger to Nose, and the Rhomberg Alphabet. The first SFST was the Walk and Turn. Edward was unable to maintain the starting position. He failed to keep his feet heel to toe while I explained the task. Edward kept on starting the task over and over before being told to begin. Edward was unable to keep his balance throughout the entire task and stepped off the line for step # 8. On step # 9 he did not make a small series of steps turning on the line as instructed, instead just turned facing back. On his way back Edward made a total of 11 steps and did not complete the task heel to toe as instructed and stepped off the line several times. The second SFST was the One Leg Stand. Edward was instructed to keep his feet together and arms at his side along the white line located on the roadway. Edward was unable to keep his balance as I began to inform him of the next task. Edward informed me that he had a bad leg, I asked which one and he stated both. I asked Edward if was not going to be able to attempt the task and he stated he would be able to and was going to do the task. Edward was unable to keep his foot six inches off the ground as instructed. He swayed during the task and put his foot down several times. He never counted as instructed. I terminated the task early since I was in fear Edward would fall and cause serious injury to himself. The third SFST was the Finger to Nose. (L-R-L-R-R-L). Edward did not keep his head back as instructed throughout the task. The first Left Edward touched the left nostril of his nose and held it until told to put his hand down. His first right he missed his nose and touched his cheek close to his right nostril, he again held his finger to his face until I reminded him to bring it back down as instructed; the second left he touched his nose but again held it. The second right he touched the bottom portion of his nose; the third right he used his left hand. The final left he used his right hand to touch is nose. The fourth SFST was the Rhomberg Alphabet which he was able to recite only in a rhythmic manner until the letter S. Edward then began to recite various letters in random order before finishing with the letters X-Y-E-W-X-Y-Z. Based on the above information I placed Edward under arrest for DUI. I then
