The undersigned certifies and swears that he/she has just and reasonable grounds to believe, and does believe that the above named Defendant committed the following violation of law. The Person taken into custody ... ☐ committed the below acts in my presence. ☐ was observed by _____ who told _____ that he/she saw the arrested person commit the below acts. ☐ confessed to _____ admitting to the below facts. ☒ was found to have committed the below acts, resulting from my (described) investigation. On the <u>5</u> day of <u>May</u>, <u>2019</u> at <u>19:19</u> (Specifically include facts constituting cause for arrest.) On 5-5-2019 at 1830 hours, I responded to 5250 Town Center Cir. in reference to a two vehicle crash investigation. Upon arrival, I spoke with Ofc. Guberman who stated that a Blue Hyundai vehicle bearing Fl Tag#HATA82 was reversing in the parking lot when it struck a Black Mercedes bearing Fl Tag#HMBU42 in the above listed parking lot. Ofc. Guberman stated while conducting his investigation, he observed signs of impairment coming from the driver of V1, identified as Eileen Zajac. The driver of V2 and a passenger inside of V2 completed a written statement that was completed and submitted into BRPD Evidence. Both individuals observed Zajac behind the wheel of the vehicle. I arrived on scene a short time later and observed Zajac still sitting behind the wheel of the her vehicle. I requested that Zajac exit her vehicle so that I could speak to her about the incident. Zajac and I walked to the front of my BRPD Unit #588. Once in front of my police vehicle, Zajac stated that she wasn't even sure that she hit someone and looked confused about what was occurring. Zajac also stated she was OK and did not need medical attention. While briefly speaking with her, I smelled the odor of an alcoholic beverage coming from her breath and she had slurred speech. Based on these observations, I informed Zajac that I was now conducting a DUI investigation. I read Zajac her constitutional rights from a pre-printed BRPD issued card. Zajac said she understood and would speak without an attorney present. I attempted to ask Zajac about the accident but she immediately interrupted and began talking about her foot surgery that she had a few months ago. She proceeded to tell me and demonstrate that she did not have good balance from the surgery. Zajac said that she just wanted to let me know because she knows it's apart of the "DUI investigation." I the asked Zajac about the accident and again she was confused about what happened and did not realize that she had collided with another vehicle while reversing in the parking lot. Zajac continued to have a slurred speech throughout our interaction and she was uneasy on her feet. Zajac informed me that she just left Rocco's Tacos and was

trying to drive home. Zajac said that she had "two drinks" while at the restaurant and did not feel as if she was impaired. She also admitted to being the only person in her vehicle today. Zajac said that only takes Advil as medication for her hurt foot. Based on my observations I requested that Zajac perform the standard roadside exercises to dispel my alarm she was driving impaired. Zajac provided consent. I explained and demonstrated each task before she attempted them. Zajac did say that she does not have good balance because of her surgery and would not be able to attempt certain exercises. I informed Zajac to tell me if any of the tasks made her uncomfortable and we would attempt something else. The first task was the Horizontal Gaze Nystagmus. While conducting the exercise, she kept guessing with her eyes while I was moving the DUI pen and I was unable to correctly observe HGN. Also, while I was attempting to observe HGN, she fell backward and I had to grab her so that she did not fall back onto the concrete. The second task was the Finger to Nose exercise. (L-R-L-R-R-L). Zajac could not complete the task correctly and did not follow instructions. On her first attempt performing this task, she used her right index finger on every finger to nose sequence. If I directed her to raise her right index finger to the tip of her nose, she would raise her right index finger and touch the rip portion of her nose. The same would occur if I told her to raise her left index finger, Zajac would touch the left portion of her nose. I re-explained the task and we started it over. On her second attempt, Zajac missed the tip of her nose on three different occasions and was swaying. The third task was the Rhomberg Alphabet. Zajac had slurred speech but correctly recited the alphabet. The fourth task was the Rhomberg Number Sequence (30-60). Zajac completed the task without incident. The fifth task was the Rhomberg Balance (estimate 30 seconds). After one minute and five seconds, I reminded Zajac to only estimate thirty seconds. Zajac opened her eyes and seemed confused. I asked if she understood what I wanted her to do and she stated she believed she estimated around 30 seconds. At 1919 hours, I placed Zajac under arrest for DUI with property damage per F.S.S. 316.193(1) and transported her to the Boca Raton Police Dept. booking facility. Ofc. Deen responded and operated the Intoxilyzer 8000. Zajac provided the breath samples of
