On the <u>19th</u> day of <u>August</u> 20<u>18</u> at <u>04:25</u> ☒ A.M ☐ P.M (Specifically include facts constituting cause for arrest.) On the above date and time, while on routine patrol, I observed a gray in color Nissan Altima bearing Florida Tag INIG60 stopped on the south side of the intersection on S. Jog Rd. and Hypoluxo Rd. in unincorporated Lake Worth, Palm Beach County Florida. The vehicle was on the outer left turn lane (facing northbound) as if he was going to turn left (Westbound). Said vehicle had its emergency flashers on. I observed a white male on the driver side and a white female seated on the front passenger seat. Both were observed not to be in distress as they were moving around inside of the vehicle. Upon the traffic light turning green, the Nissan Altima drove straight and made impact with the north side center median and making impact with a traffic sign. The Nissan continued straight and drove northbound on the southbound lanes for approximately 400 feet later turning back around and travel southbound. I turned around and continued following the vehicle as it turned right (Westbound) on Hypoluxo Rd. and shortly make a U turn headed Eastbound. The vehicle stopped over and past the stop bar on Hypoluxo and S. Jog Rd. The Nissan proceeded Eastbound swerving in between the number 1 and 2 lanes. The Vehicle made entered the owner access of the Winston Trails community and later turn around and continue traveling Eastbound. The vehicle continued later making another U turn headed westbound and a few hundred feet later make another U turn headed East bound on Hypoluxo Rd. I turned on the red and blue emergency lights on my marked Palm Beach County Sheriff's Office patrol vehicle (Asset 69670) and conducted a traffic stop on Hypoluxo Rd. just west of Thompson Rd. Contact was made with the driver who was identified as W/M Eric G. Lamson. I perceived a strong odor of an unknown alcoholic beverage come from the driver's breath as he spoke with a slurred speech. His eyes were observed to be red shot and glassy. D/S R. Dalton #32421 also made contact with the driver and conducted a DUI investigation. DUI investigation turned over to D/S Dalton #32421.

Other Observations:

I observed that while speaking to Mr. Lamson outside of the vehicle, I could still smell the strong odor of alcoholic beverage coming from his breath/mouth. His speech was still slurred, eyes bloodshot and watery and he was unsteady on his feet. Furthermore, I had to repeatedly instruct Mr. Lamson to not move his head and to follow the penlight with his eyes.

WALK & TURN:

I explained and demonstrated the exercise. Mr. Lamson verbally confirmed that he understood my instructions. While attempting to get him into the starting position, he had a difficult time following instructions and I had to repeatedly instruct him how to get back into the starting position. During the course of the exercise I observed the following clues of impairment: Mr. Lamson was unable to keep his balance while listening to instructions; he stopped walking to steady himself; he missed touching heel-to-toe on multiple steps; he stepped off the line; he used his arms for balance; he improperly performed the turn-around; and he performed the incorrect number of steps in each direction. I also observed that Mr. Lamson leaned on the nearby guard rail to keep from falling over and to help aid him in his balance.

ONE LEG STAND:

The third exercise I asked Mr. Lamson to perform was the One-Leg Stand. The ground was level and clear of debris. I explained and demonstrated the exercise to Mr. Lamson, who verbally confirmed that he understood my instructions. During the course of the One-Leg Stand exercise, I observed the following clues of impairment: Mr. Lamson swayed while balancing; he used his arms for balance; and he put his foot down multiple times. I also observed that Mr. Lamson failed to count in the manner for which I explained and demonstrated and he did not keep his legs straight or his foot parallel to the ground.

FINGER TO NOSE:

The next task I asked Mr. Lamson to perform was the Finger to Nose exercise. I explained and demonstrated the exercise to Mr. Lamson. I had to repeatedly instruct him how to get into the starting position (regarding indexing his fingers) and he appeared to have a very difficult time following instructions. Once I was able to get him into the start position and he confirmed he understood, I then observed the following during the exercise: Mr. Lamson did not keep his eyes closed; he failed to return his arm to the side as I had instructed and he did not touch the tip of his finger to the tip of his nose.

ROMBERG NUMERICAL:

The last task I asked Mr. Lamson to perform was the Rhomberg with Recitation exercise. I explained the exercise to Mr. Lamson, requesting him to recite from 20 to 50. I also confirmed that Mr. Lamson knew his numbers from at least 1 to 100. Mr. Lamson confirmed that he understood my instructions prior to beginning. During the exercise I observed the following: Mr. Lamson did not keep his eyes closed the entire time; he swayed more than 2 inches in various directions while standing and he did not count as I had instructed.

PERSONAL CONTACT

DRIVING PATTERN: ACTUAL PHYSICAL CONTROL (PHYSICAL EVIDENCE OR STATEMENTS PUTTING DEF. BEHIND WHEEL OF VEHICLE)

On 8/19/201 at approximately 4:20am, I was called to the scene of a traffic stop near the intersection of Hypoluxo Rd, just west of Military trail, in unincorporated Palm Beach County, Florida. D/S Rodriguez (#13919) had observed a gray Nissan Altima (FL Tag JNIG60) hop the curb and strike a traffic sign. The vehicle then left the scene of the crash and continued to travel down the roadway (see attached sworn affidavit from D/S R. Rodriguez). As I approached the vehicle (just prior to the stop itself), I was traveling eastbound Hypoluxo Rd, just west of Military Trail and could see D/S Rodriguez's vehicle along with the hit and run vehicle (Nissan Altima) just ahead in the left lane. The vehicle was traveling well in excess of the posted speed limit of 45mph (pace clocked at approximately 65mph using PBSO asset # 56089). D/S Rodriguez and I then conducted the traffic stop on the vehicle for the above referenced violations.

OBSERVATION OF DRIVER:

I approached the vehicle on the driver's side and made contact with the white male driver. I informed the driver as to the reason for the traffic stop and requested his license, registration and insurance information. While speaking to the driver, I could smell the strong odor of alcoholic beverage coming from his mouth as he spoke to me. His eyes were bloodshot and watery, his face was flushed, and he was slurring his words heavily. The driver opened his wallet and fumbled through some papers (appeared to be receipts). He was having a difficult time locating his driver's license, so I requested his name and date of birth so that I could ascertain who he was. The driver identified himself as Mr. Eric George Lamson, DOB of 08/19/1992. While attempting to spell his middle name of "George", he began to spell it as "G-U-R" and stopped. He then said "George" but when asked to spell it he continued to spell it incorrectly. I also asked for his address to which he repeatedly provided his date of birth. I had to clarify with him several times that I was requesting his home address and that he had already provided his date of birth; to which he repeated a similar response about his date of birth in a heavily slurred and incoherent manner. Mr. Lamson also seemed unsure as to where he was or where he was going. His responses were heavily mumbled and difficult to understand.

I went back to my vehicle and was able to confirm via DAVID database photo that the driver was Mr. Eric George Lamson. There was a passenger in the vehicle who was one of the registrants of the vehicle and identified via her Florida Drivers license.

DRIVER'S STATEMENTS:

Post Miranda admissions at BAT: Confirmed that he was driving at the time of the crash and the traffic stop.

ODORS:

I could smell the obvious odor of an unknown alcoholic beverage, based on my training and experience, that came from the defendant and intensified as the defendant spoke to me.
