I met with driver Kyle Jackson who advised that he was driving south bound on SW 12th Ave and entered the roundabout at SW 18th St and SW 12th Ave when the Jeep entered the roundabout without yielding to him. Jackson advised that he was unable to stop his vehicle and avoid the collision with the Jeep. Jackson advised that the Jeep kept on driving and Jackson blew his horn until the Jeep pulled over into parking lot of 1726 SW 12th Ave. Jackson advised that the driver of the Jeep was a white female with blonde hair and teal pants and identified the female as the only occupant of the vehicle (it should be noted that description matched the driver of the Jeep Fiona Parker who was identified by Jackson). Jackson provided a written statement which was placed into evidence at BRPD.</p> <p>I then met with driver of the Jeep, Fiona Parker and asked her what happened during the accident. Parker advised that she was going eastbound on SW 18th St and then entered the roundabout and was struck by the Chevy. Parker advised that she yielded to any traffic that was in the roundabout and then entered because it was safe to do so. While speaking to Parker I could smell a strong odor of an alcoholic beverage emanating from her person, her eyes were blood shot and glossy and she was slurring her speech. I then advised Parker that I was finished with the accident investigation and I would now be conducting a criminal/ DUI investigation. I then read Parker her Constitutional Rights and she advised that she understood. Parker began asking me questions as to why I was conducting a criminal/DUI investigation. I advised her that I could smell an odor of an alcoholic beverage emanating from her person and her eyes were blood shot and glossy. I then asked her if she had been drinking tonight and Parker stated that she had "two glasses of wine". Ofc Deen was on scene as my back up and Sgt Shifflett showed up on scene.</p>

Based on my observations I asked Parker if she would submit to roadside sobriety tasks to dispel my alarm that she was under the influence. Parker advised that she would submit to roadside tasks. I then walked her over to a well lit area and asked her if she had any medical problems or medical issues that would prevent her from doing the tasks. She stated that she had ADHD but that wouldn't prevent her from doing the tasks. Parker advised that she had no medical or physical issues that would prevent her from conducting the tasks. The tasks that were conducted were the Walk and Turn, One Leg Stand, Finger to Nose, and the Rhomberg Alphabet.

The first SFST was the Walk and Turn. Parker started the task before being told to begin. Parker could not maintain the starting position and stumbled off the line. Parker failed to walk heel to toe at any of the steps instead she took regular steps as she walked the line. Parker stepped off the line during the task. She also made an improper turn by just turning around instead of the way that was demonstrated to her. She took 10 steps forward and then 9 steps back.

The second SFST was the One Leg Stand. Parker started the task before being told to begin. Parker failed to keep her foot six inches off the ground. Parker actually raised her foot higher than the requested six inches. She put her foot down several times during the task. She was swaying during the task.

The third SFST was the Finger to Nose (L-R-L-R-R-L). Parker also started the task before being told to begin. Parker touched her left nostril on the first left and kept her finger on her nose until she asked if I was supposed to tell her to bring it down. On the first right, second left, second right and third left she used the pad of her finger and touched the top of her nose. On the third right she raised her left hand and then corrected herself and brought the right hand up to touch her nose.

The fourth SFST was the Rhomberg Alphabet which she was unable to recite properly. She also started the task before being told to begin. She started the alphabet and couldn't recite the alphabet correctly. Parker then asked if she could try again. I allowed her to try again and she still was unable to recite the alphabet correctly. She also opened her eyes during the task. Parker asked for another chance at which point I ended the task.

Based on my investigation I placed Parker under arrest for DUI. Ofc Deen then transported her to BRPD.

Ofc Deen responded to BRPD as my Breath Test Operator. Ofc Deen and I conducted the 20 minute observation and then she was taken into the BAT room. Parker refused to provide a breath sample. I read her Implied Consent Warnings, which Parker advised she understood and still refused to provide a breath sample. I then reminded Parker about her Constitutional Rights which I read to her earlier and Parker advised that she would
