On Monday April 22, 2019 at approximately 2326 hours, I was dispatched to 9135 BEDFORD RD, located in unincorporated Boca Raton within Palm Beach County FL, 33434 in reference to a suspicious vehicle.

Upon my arrival, I met with Complainant, John Ricca who stated there was a White BMW bearing FL Tag#DGIV80 that was parked On his driveway and didn't belong on his property. Complainant stated the driver of the White BMW was a white female with blonde hair. Complainant also said prior to the vehicle parking on his driveway, the BMW was circling the neighborhood and pulling into people's driveway's. While speaking to the complainant, Ricca advised Deputy Garcia #21280 and the white BMW went north bound in the neighborhood prior to our arrival. Deputy Garcia and I then canvassed the neighborhood for the White BMW bearing FL tag# DGIV80 at which point the vehicle was located at the driveway of 9105 Gettysburg Rd. Upon Deputy Garcia and approaching the vehicle to make contact with the driver, we observed a white female with blonde hair, wearing blue colored clothing sitting behind the wheel with the vehicle on. Female was later identified as vehicle registered owner, Inna Sonosky, who was the sole occupant. Upon speaking to Inna I can smell a strong odor of an unknown alcoholic beverage coming from her person. I also observed an empty "Budweiser" can in the vehicle and spilled liquid in the center console which smelled as of an alcoholic beverage. Deputies then made contact with the residence of 9105 Gettysburg Rd, Boca Raton, FL 33434 who stated the white BMW nor the driver belonged there. I then requested a PBSO DUI unit to respond to the scene to asses the driver for DUI.

PERSONAL CONTACT

DRIVING PATTERN: ACTUAL PHYSICAL CONTROL (PHYSICAL EVIDENCE OR STATEMENTS PUTTING DEF. BEHIND WHEEL OF VEHICLE)

On Monday, April 22, 2019 at approximately 23:44 hours, I responded to a suspicious vehicle call located at 2105 Gettysburg Road in unincorporated Palm Beach County. Upon my arrival, I observed a white BMW X1 bearing Florida tag "DGI-V80" parked in the driveway. Parked directly behind was Deputy Carmenate's patrol car which was illuminating the white BMW. I exited my patrol car and met with Deputy Carmenate who told me the following, "I was dispatched to 9135 BEDFORD RD, located in unincorporated Boca Raton within Palm Beach County FL, 33434 in reference to a suspicious vehicle.

Upon my arrival, I met with Complainant, John Ricca who stated there was a White BMW bearing FL Tag#DGIV80 that was parked On his driveway and didn't belong on his property. I then requested a PBSO DUI unit to respond to the scene to asses the driver for DUI."

OBSERVATION OF DRIVER:

I observed the white female driver was standing in the driveway behind her vehicle and was wearing a sleeveless shirt and long pants which appeared dark blue to black. I approached the female and asked engaged in a conversation, by asking her to identify herself. The female stated her name was Inna Sonosky. I advised her the reason law enforcement was present and she seemed confused. I then advised Sonosky that deputies responded because a concerned neighbor stated she was driving around pulling into peoples drive ways and that she was parked at a residence where she did not belong. I asked Sonosky if she lived at 9105 Gettysburg Road which was the address where she was currently parked and she answered "no". I advised her that deputies detected a strong odor of an unknown alcoholic beverage coming from the interior of the vehicle. In order to let her go we had to make sure she was not under the influence of alcohol or any chemical or controlled substance. While speaking with Sonosky, I observed that she had red and glossy eyes and had a strong odor of an unknown alcoholic beverage coming from her breath. I later was advised that 3 open 16 0z Budweiser Beers were located inside the vehicle which were cold to the touch. I observed the three Budweiser Beers and Investigator White placed them on the hood of my vehicle in front of my in car camera. I observed that Sonosky was slurring her words when she stated she would agree to perform standardized field sobriety tasks. While walking, I observed that Sonosky was unsteady on her feet.

DRIVER'S STATEMENTS:

I asked Sonosky if she had been drinking or used any drugs and she answered "no." I asked Sonosky what medical problems and/or previous injuries she had and she answered "none." I asked Sonosky if she wore any glasses or contacts to correct her vision and she answered "no." I asked Sonosky if she takes any medications and she answered "no."

ODORS:

Obvious odor of an unknown alcoholic beverage

- [x] RT EYE-DISTINCT & SUSTAINED NYSTAGMUS AT MAX. DEVIATION
- [x] LT- EYE-ONSET OF NYSTAGMUS PRIOR TO 45 DEGREES
- [x] RT- EYE-ONSET OF NYSTAGMUS PRIOR TO 45 DEGREES

Other Observations:

HGN -Once positioned in the front of my vehicle, I continued my investigation. I instructed Sonosky to keep her hands by her side, stand with her feet together, and follow a red light stimulus with her eyes not turning her head. I asked her if she understood my instructions. Once Sonosky verbally stated she understood, the task was performed. I observed both eyes to be red, bloodshot, and glossy. Her left and right eye displayed equal pupil size, equal tracking, and a lack of smooth pursuit. I observed distinct and sustained nystagmus was present in both her left and right eye at maximum deviation during two separate four second evaluations. The onset of nystagmus was prior to a 45 degree angle in both her left and right eye during two separate four second evaluations. Vertical nystagmus was not present in both the left and right eye during two separate four second evaluations. While conducting the task I had to remind her to keep hands by her side, not turn her head and follow the stimulus multiple times.

WALK & TURN:

I positioned Sonosky on a yellow line created using yellow duct tape, which was on a smooth and level surface, free of any debris and well lit by the headlights on my vehicle. I instructed Sonosky to place her left foot on the line and her right foot in front of the left touching heel to toe. I instructed her that she was to keep her hands at her side and stay in this position until I instructed her to do otherwise. Once placed into the instructed position, I observed she could not maintain the instructed position and had to be told to regain the instructed position as I demonstrated. I explained and demonstrated the rest of the task. During the task, I observed Sonosky swayed while balancing, started too soon, stopped walking to steady self, did not touch heel to toe, stepped off the line twice, used arms to maintain balance (+6"), did not turn properly and while turning she lost her balance. Sonosky performed task twice.

ONE LEG STAND:

I placed Sonosky with her feet together and arms at her side. Once Sonosky was placed into the instructed position, I explained and demonstrated the rest of the task. Once Sonosky stated she understood, the task was performed. During the task, I observed, Sonosky could not maintain the instructed position, she swayed while standing stationary, hopped and put foot down twice as she attempted the task 3 times.

FINGER TO NOSE:

I instructed Sonosky to stand with her feet together, make each hand into a fist keeping, extended her index fingers and to place her palms facing up. She was instructed to lower her arms by her side. I instructed and demonstrated the proper hand and arm position and for her to remain in this position while I demonstrated the rest of the task. I instructed and demonstrated her to tilt her head back approximately 45 degrees and close her eyes while waiting for a verbal command of left or right. On the command of "left" or "right", she would raise the requested hand, touch the tip of her finger to the tip of her nose, then bring her hand immediately back down to her side. During the instruction and demonstration of the task she swayed heavily while standing in the instructional position. I asked her if she understood the instructions I provided and she verbally stated she understood. I instructed her to start the task as explained. I observed Sonosky failed to return arms to side, correct finger did not touch tip of nose on every command and used wrong hand twice.

ROMBERG ALPHABET:

I verbally inquired if Sonosky could recite the entire English alphabet. She stated she was unable to recite the English alphabet and I instructed her to place their feet together with her arms at her side and stay in this position until told to do otherwise. I instructed her that upon starting she was to tilt her head back approximately 45 degrees and close her eyes. She would begin to count from the number 1 to the number 30 in approximately 30 seconds. I asked her if she understood the instructions and she verbally replied she understood. During the instructions she continued to sway while standing stationary. I instructed Sonosky to start the task as explained. I observed Sonosky swayed more than (+2") from front to back and did not count properly. (Refer to in car video)
