NARRATIVE:

On 06/19/2018, I was assigned this case for follow- up investigation. It was reported that [redacted] was sexually battered by Jeffrey Brooks, who is a [redacted] on 06/08/2018. Because the victim resides in Polk County, I sought the assistance of Detective Sean Jones #6467 from Polk County SVU (Re Case# 18-29165) who conducted interviews with the victim, [redacted] and his [redacted]

On 06/21/2018, Det S. Jones #6467 from the Polk County Sheriff Office Special Victim's Unit conducted a sworn interview with the victim in this case, [redacted] The following is a brief summary of [redacted] statement. [redacted] explained that he and his parents traveled to Palm Beach County for a baseball tournament which took place from June 8, 2018 until June 13, 2018 and the family resided at [redacted] went on to explain that he overheard his parents tell Jeffrey to get an Uber to leave the location because he was "really drunk." According to [redacted] invited Jeffrey over to the condo to have drinks and [redacted] had never met Jeffrey before and has never had conversations with Jeffrey in the past. [redacted] went on to say that he and his parents were in the

At approximately midnight on 06/09/2018, [redacted] explained he was already asleep and at approximately 2:00a.m. [redacted] declared that was when Jeffrey went into [redacted] rooms. [redacted] further declared that he asked Jeffrey who he was because he had

NOT A CERTIFIED COPY

never seen him before. [redacted] the said Jeffrey told him to "be quiet and go back to sleep." [redacted] said he had never met Jeff Brooks before this evening and explained that his parents were with Jeffrey at the bar in the condo. [redacted] did not know when his parents came into the condo with Jeff. [redacted] said he was awakened when Jeffrey came into the room. [redacted] said his father told him the Jeff was inside the bedroom when he went to go get his father and mother. [redacted] explained he wore a pair of blue shorts to be with no underwear underneath them and he did not remember whether he had on a shirt that night. [redacted] further explained that he did not move because he did not know whether Jeffrey had a weapon. [redacted] thought Jeffrey was "somebody that broke in" cause he had never met him before and there was no one else in the room with him and Jeffrey.

[redacted] adamantly explained he was lying on his side when Jeffrey started to lay down behind him and "grabbed me with his left arm and with his right arm started rubbing my leg" and "sliding it up my shorts." [redacted] also stated, "He was holding me tight and wouldn't let me go. He started touching my butt and moved on to my private parts (referring to his penis). His hands touched me under my shorts. He just told me to calm down because he felt my heart beating really fast in my chest." [redacted] went on to say, "He was rubbing my hole (referring to his anus) with his finger." [redacted] explained that Jeffrey said nothing while he touched him on his penis and scrotum area. [redacted] would further explain that Jeffrey "was kissing the back of my neck" and that he could not feel Jeffrey's penis on him and he did not see Jeffrey's penis. [redacted] declared, "He let go of me with his left arm and I just ran out of the room and went into my parent's room and told my parents. I just told them that somebody was in my room touching me in weird places." "My dad told me it was Jeff." It was at that time [redacted] declared his [redacted] ran into the room and immediately asked Jeffrey, "What are you doing, man? [redacted] was about to grab a bat and hit you with it!" [redacted] explained that when his father went into the room, Jeffrey was pulling his pants up. [redacted] stated that his statement was the truth. This is the extent of [redacted] statement.

The shorts [redacted] was wearing were placed into evidence at the Palm Beach County Sheriff's office. After his interview with [redacted] Det. Jones collected a DNA swab from [redacted] with the consent signed by [redacted] A photo array was also presented in an attempt for [redacted] to positively identify Jeffrey. The photo array yielded negative results because the room was dark at the time of the incident and [redacted] explained that he had not seen Jeffrey since that day. The photo array was placed into evidence at the Palm Beach County Sheriff's office.

On 06/22/2018 at 8:16a.m., Det. S Jones conducted a sworn interview with [redacted] of the victim. The following is a brief summary of [redacted] statement. [redacted] corroborated [redacted] claim of traveling to Palm Beach County for a baseball tournament. [redacted] said he has known Jeffrey for approximately five years and they

NOT A CERTIFIED COPY

were close friends for four of those years. [redacted] would go on to explain that he went to pick up Jeffrey to "hang out" at the tiki bar and watch the Golden State and Cavs game. [redacted] said [redacted] met Jeffrey several years prior to this incident but did not remember meeting him. [redacted] said there were no other people inside the apartment other than [redacted] his wife, [redacted] and Jeffrey. [redacted] explained that the initial plan for the evening was for [redacted] to pick up Jeffrey and for Jeffrey to take an Uber home at the conclusion of the evening. [redacted] said Jeffrey "got extended on the Crown Royal he was drinking." [redacted] explained Jeffrey left the apartment to wait for the Uber and [redacted] called him back to check on him. [redacted] declared that Jeffrey was still standing outside when he told him to come back inside and sleep on the couch which was, as [redacted] said, "that is where I thought he would be." [redacted] explained that Jeffrey was "under the blanket, when I walked in and when I yelled. What the hell are you doing? He did not respond." [redacted] said, "I yelled at Jeff to get up, he didn't respond." [redacted] explained that he started "beating on Jeff" at which time Jeff said "No, no, no, I don't know." [redacted] further explained he turned on the lights in the room and saw Jeff lying in the bed with his pants to his knees. [redacted] explained that Jeff got up, went to the living room to gather his things and left. [redacted] declared, [redacted] was in bed like a two year old who just saw a monster." [redacted] found Jeffrey's boxer shorts on the floor "half way between the couch, where he was sleeping and the door to the room where [redacted] was sleeping." [redacted] explained he received a text message from Jeffrey the morning of 06/09/2018 at approximately 9:38a.m. stating, "What the fuck happened last night...I apologize" [redacted] reply was, "You were way beyond fucked up and you might want to think about backing off that crown." Jeffrey's response was, "Agreed...I'm done with it all..." and [redacted] reply was, "That's a good plan. We will talk later." A photograph of the text message was entered into evidence at the Palm Beach County Sheriff's office. A pair of blue boxer shorts, belonging to Jeffrey, along with a pair of white socks was placed into evidence at the Palm Beach County Sheriff's office.

[redacted] explained the reason for not reporting the incident earlier was because [redacted] was upset and embarrassed about the incident and because [redacted] did not want to miss the baseball tournament because of it. [redacted] further explained that [redacted] told him, "He (Jeffrey) was in bed with me at least twenty or thirty minutes and wouldn't let me go." "He (Jeffrey) had to know what he was doing because he would not let me go." That was the extent of [redacted] statement.

On 06/22/2018 at 8:32a.m., Det. S Jones conducted a controlled telephone call from [redacted] telephone number [redacted] to Jeffrey Brooks' cell number (561)271-0252. The first attempt was made to (561)271-0252 with the voice mail answering. [redacted] made a second attempt to contact Jeffrey by calling (561)998-0004, which was Jeffrey's work number. However, Jeffrey was not in the office. The third

NOT A CERTIFIED COPY

control call attempt was made to Jeffrey's cell phone again (561)271-0252 and Jeffrey answered the phone. Jeffrey explained to [redacted] that he thought he was in his house and wondered why he was sleeping on the sofa spoke with Jeff and Jeff said, "I was fucked up that night and I am totally and 100% sorry. I thought I was in my house and I thought I was getting in my bed to go to sleep." [redacted] explained to Jeffrey that he should turn himself in and Jeffrey said, "For what? What does that mean?" When [redacted] asked Jeffrey if he remembered grabbing [redacted] penis, Jeffrey said he did not remember doing that.
"Bro when I came in the room to get you up, you fucking had your pants down, bro." Jeffrey said, "I haven't drank since that night and you are totally correct."

Jeffrey begged [redacted] "Can you not get the cops involved until I'm off probation?" "I can't lose my job; I can't go to fucking jail." "The mistake was I was super fucking drunk and I didn't know where I was." Jeffrey continued to beg [redacted] "Listen, man. I'm just begging you bro." Jeffrey said he did not remember touching [redacted] penis and scrotum area. [redacted] explained to Jeffrey that [redacted] doesn't lie and Jeffrey said, "I was that fucked up and I can't believe that that happened. I can't apologize enough. Let's not get the cops involved, please!" Jeffrey explained that the cops would ruin his life and his career if they were involved. During the conversation, Jeffrey did not admit to touching [redacted] on his penis, scrotum or anus.
The entire conversation lasted for approximately fourteen minutes. [redacted] became angry and the call ended.

A supplemental report from Det. Jones has been placed into evidence at the Palm Beach County Sheriff's office.

On 06/26/2018, I responded to 200 Scotia Drive #104, Hypoluxo, Florida in an attempt to interview the suspect in the case, Jeffrey Wayne Brooks. I left my business card with the case number affixed as I was unsuccessful in getting a response when I knocked on the door.

On 06/27/2018, I received a voice mail from Dan Moses, attorney for Jeffrey to call him. I was able to speak with Mr. Moses and explained to him he allegations. I asked Mr. Moses to speak with his client in an attempt to get Jeffrey to provide a DNA sample and submit to a CVSA as part of this investigation. Mr. Moses did speak with his client and Jeffrey agreed to submit a sample of his DNA for this case, voluntarily.

On 06/28/2018, I did not receive a phone call or email from Mr. Moses or Jeffrey for Jeffrey to submit a sample of his DNA for this case. As a result of his non-compliance, I submitted an application for a DNA search warrant request, through V-Signer, for Jeffrey Wayne Brooks.

NARRATIVE CONTINUATION

On 06/28/2018, I did not receive a phone call or email from Mr. Moses or Jeffrey for Jeffrey to submit a sample of his DNA for this case. I called and left a message for Mr. Moses to return my call regarding compliance with the DNA request. As a result of his non-compliance, I submitted an application for a DNA search warrant request, through V-Signer, for Jeffrey Wayne Brooks.

On 07/03/2018, there were no calls or voice mail messages from Mr. Moses or Jeffrey Brooks regarding the voluntary DNA submission from Jeffrey. I have, therefore, requested a DNA search warrant for Jeffrey Wayne Brooks.

On 07/05/2018, I obtained a DNA Search Warrant for Jeffrey Brooks which was reviewed and signed by Honorable Judge Hafele. This DNA search warrant is requested for further investigation regarding this case.

On 07/10/2018, I attempted to make contact with Jeffrey Brooks at his place of employment located at 1420 Neptune Drive, Ste. A, Boynton Beach with Det. J. Suarez #7953 assisted. However, attempted contact with Jeffrey yielded negative results. Based on information received, Jeffrey was not in town. This DNA search warrant will have to be submitted for renewal and another attempt to execute will be forthcoming.

On 07/27/2018, I obtained another DNA search warrant which was notarized by Sgt Reeder and subsequently was reviewed and signed by Honorable Judge Hanser. This DNA search warrant is requested for further investigation regarding this case.

On 07/31/2018, the DNA search warrant obtained for Jeffrey Wayne Brooks was executed at his place of employment located at 1420 Neptune Drive #A, Boynton Beach, FL 33426. Det. Suarez assisted me in executing the search warrant. Jeffrey was present at the time. I explained to him that his compliance with the DNA search warrant was no longer voluntary as the order was signed by the Honorable Judge Hanser. The DNA oral swabs obtained from Jeffrey were placed into evidence at the Palm Beach County Sheriff's Office. The DNA search warrant and inventory return was turned into the Clerk of Court office at the courthouse located at 3228 Gun Club Road, West Palm Beach and was clerk stamped at 3:59p.m. A DNA request notification was also submitted. The results of the DNA specimens submitted are pending.

On 08/21/2018, DNA results are still pending.

On 09/19/2018, DNA results are still pending.

On 09/24/2018, I received a copy of the Forensic Biology Report completed by Kelly Behnke, Forensic Scientist. The report provided the evidence submitted the day of the

The following is the results and conclusion of the tested items:

SUBMISSION 3A: GRAY SHORTS
1. An alternative light source was used to detect fluorescence.
2. A chemical reaction, indicative but not specific to seminal fluid, was detected on stains 2 or 3. Further microscopic examination to identify the presence of sperm cells and prostate specific antigen tests for seminal fluid provided negative results.
3. A chemical reaction, indicative but not specific to seminal fluid, was not detected on stains 1, 4 and 5, or areas 6 and 7.
4. The shorts were swabbed for biological evidence and the swabs were retained.

SUBMISSION 3B: BROWN BOXERS
1. A chemical reaction, indicative but not specific to seminal fluid, was detected on stains 1 and 2. Further microscopic examination identified the presence of a sperm cell.
2. A chemical reaction, indicative but not specific to seminal fluid, was detected on stain 3. Microscopic examination did not identify the presence of sperm cells; however the presence of prostate specific antigen was confirmed for the presence of seminal fluid.
3. A chemical reaction, indicative but not specific to seminal fluid, was detected on stain 4. Further microscopic examination to identify the presence of sperm cells and prostate specific antigen tests for seminal fluid provided negative results.
4. The boxers were swabbed for biological evidence and the swabs were retained.

SUBMISSION NOTES:
1. Submissions 4A, 4B, and 7 have been retained.
2. This case will be forwarded to DNA processing.

This information received to this point will be submitted to the state attorney for a decision in the case. This case remains an active investigation.

SUBMISSION NOTES:
DNA analysis was not conducted on:

2. All items of evidence submitted for analysis will be returned to the Palm Beach County Sheriff 's Office Evidence Unit unless noted otherwise.
3. All stain cuttings, slides, DNA extracts and standards will be retained at a secure Palm Beach County Sheriff 's Office storage location.
4. The evidence was processed for autosomal STR analysis using the PowerPlex Fusion System and includes the following genetic markers: Amelogenin, D3S1358, D1S1656, D2S441, D10S1248, D13S317, Penta E, D16S539, D18S51, D2S1338, CSF1PO, Penta D, TH01, vWA, D21S11, D7S820, D5S818, TPOX, DYS391, D8S1179, D12S391, D19S433, FGA, D22S1045.
5. Likelihood ratio calculations are a comparison of the probabilities of a given set of genetic data under two mutually exclusive hypotheses. The contributors of the DNA profiles are assumed to be unrelated. All contributors to the mixture are assumed to be of the same population origin so that the allele frequencies remain applicable to all of the alleles present in the mixture. The Forensic Biology Unit calculates the likelihood ratio for three populations;
Caucasian, African American, and Hispanic. The lowest likelihood ratio is reported. The likelihood ratio for each of the three populations may be provided upon request.
6. All likelihood ratios were calculated based on the available case information at the time of analysis. Additional likelihood ratios can be calculated upon request.
7. The likelihood ratio reported is the 99.0% 1- sided lower higher posterior density (HPD). There is a 99% chance that the true likelihood ratio value is equal to or greater than the likelihood ratio reported.
8. The population data were obtained from the National Institute of Standards and Technology (NIST) autosomal population database. Statistical frequencies were calculated using the STRmix software program.
