D.U.I. PROBABLE CAUSE AFFIDAVIT

ON THE 20 **DAY OF** September **2018 AT** 5:47 ☐ **A.M** ☒ **P.M.**

CASE #: 18-048586 **DEFENDANT:** VENEZIA, JENNY KAROLINA

PERSONAL CONTACT/DRIVING PATTERN/OBSERVATION OF DRIVER:

I was traveling eastbound in the center lanes of Gateway Blvd, approaching the red traffic control device at the intersection of Quantum Blvd. Let it be noted that this incident occurred within the City of Boynton Beach, Palm Beach County, Florida. While stopped three cars back from the stopped bar I observed a Black Suzuki Verona bearing Florida tag JTWC38 approaching the intersection from the lane to my left at a quick speed. As the vehicle got closer to the intersection the driver (later identified as W/F Venezia, Jenny 04/03/77) quickly applied her brakes and finally stopped. The rear bumper was approximately 10-15 feet passed the spot bar, into the intersection. When the traffic light turned green, Venezia turned her left turn indicator on and impeded the flow of eastbound traffic as she waited for the westbound lanes to be clear so that she could make a left turn onto Quantum Blvd. When westbound traffic cleared Venezia proceeded when her left turn from the improper lane. Due to the traffic infraction I activated my emergency equipment and conducted a traffic stop on Venezia just north of the intersection.

I then made contact with Venezia, sole occupant. I quickly asked Venezia if she was okay due to her driving pattern, which she stated yes. Venezia's eyes were bloodshot/glassy and very watery. It appeared that Venezia was crying for an unknown reason. There was fluid's exiting from Venezia's nose that appeared to be either mucus or sweat. There was also fluid around Venezia's mouth. I asked Venezia if she was okay physically and asked if she needed medical attention, which she stated that she was okay and did not need medical attention. Venezia had a difficult time keeping her eyes opened and was slow to answer questions. Venezia advised that she was enroute to pick her son from a nearby warehouse but did not know the address. When providing her credentials, Venezia handed her driver's license with no issues. When searching for her proof of registration and proof of insurance, Venezia moved very slowly. It appeared that Venezia was falling asleep while looking for the documents. There was a moment that Venezia was not moving and I observed drool and fluids coming from her nose and mouth area. I asked Venezia if she was okay again, which she stated yes. While speaking with Venezia, I detected the odor of an unknown alcohol beverage emitting from Venezia's breath and from within the vehicle. I asked Venezia if she takes any prescription medications, which she stated no. I then asked Venezia if she had consumed any type of alcoholic beverages today, which she stated yes. Venezia advised that she had two glasses of wine while in West Palm Beach. When I asked Venezia where was she coming from she stated Lake Worth. Venezia

behavior and appearance showed signs of impairment for Venezia. Venezia advised that she had her last drink approximately 20 minutes prior to the traffic stop.

Based on my investigation at this point, I requested to Venezia step out of the vehicle; which she did. Venezia did not have a problem exiting the vehicle but while walking to the back of her vehicle she swayed signed to signed (not limp). I informed Venezia that the investigation was being audio/video recorded which she stated that she understood. I then explained again to Venezia the reason for the traffic stop and my observations, which she stated that she understood. While speaking with Venezia outside the vehicle, Venezia still had a difficult time keeping her eyes opened and the odor of the unknown alcoholic beverage was still present. Therefore, I requested Venezia to submit to a Series of Standardized Field Sobriety Task, which she hesistated to answer. Venezia then advised that she doesn't know what to do. I then advised Venezia of her Taylor Warnings, which she stated that she understood. I then requested a second time, at which time Venezia refused to submit to the roadsides. At that moment Venezia was placed into custody under suspicion of DUI.

HORIZONTAL GAZE NYSTAGMUS:

- ☐ Left eye does not follow smoothly
- ☐ Left eye prior to 45 degrees
- ☐ Distinct jerking in left eye at maximum deviation
- ☐ Vertical Nystagmus in left eye
- ☐ Right eye does not follow smoothly
- ☐ Right eye prior to 45 degrees
- ☐ Distinct jerking in right eye at maximum deviation
- ☐ Vertical Nystagmus in right eye

REFUSED

Venezia was placed into handcuff (D/L and Spaced) and placed in the back seat of my patrol vehicle (#4734). I then transported Venezia to the Palm Beach County Sheriff's BAT Facility to continue my investigation. I arrived at PBCJ at1833hrs, started my 20 minutes observation at 1835hrs and completed at 1855hrs. Upon completion I requested Venezia to provide a sample of her breath to determine the alcohol content, which she refused. I then read Venezia Implied Consent, which she advised that he understood. I then requested a second time for a breath sample, which Venezia agreed to. Venezia provided a breath sampled of .296 at 1903hrs and .298 at 1906hrs. I then read Venezia her Miranda

Warnings, which she stated that he understood. Venezia completed the Q&As attached to this packet. Let it be noted that when asked how much alcohol have you consumed, Venezia advised "enough". When asked if she felt the effects of the alcohol and was she under the influence, she advised "yes" for both. Venezia advised that she had her first drink at approximately 1100hrs and her last at 1600hrs.

Based on the above facts I've established Probable Cause to charge Venezia with 1M count of DUI pursuant with F.S.S. 316.193.1. Venezia was later TOT to PBCJ.

A copy of the SFST video were later entered into the Boynton Beach Police Evidence Department. Incident was captured via BWC as well. Venezia's vehicle was removed from scene by Blake's Towing.

Nothing further.
