PROBABLE CAUSE STATEMENT

On 4/27/19 at approximately 0150 hrs, while on routine patrol I observed a gray AUDI S5 bearing fl tag KXLS17 traveling westbound on Wellington TRC approaching the red light for westbound traffic at the Intersection of Big Blue TRC at a high rate of speed. The vehicle proceeded to enter the intersection and conduct a right turn to travel northbound on Big Blue TRC without stopping. The vehicle then proceeded to rapidly accelerate while using the left turn signal. The vehicle then drifted to the left until both the front and right driver side wheels crossed the double yellow line. The vehicle proceeded to travel northbound in two lanes until it drifter to the right into the left turn lane. The vehicle proceeded to make a left turn onto Barberry Dr. I activated my overhead light to conduct a traffic stop for running the red light pursuant to FSS 316.075(1)(c)(1)(a). The vehicle came to a final stop on Exotica LN approximately 50 feet south Barberry DR. The vehicle proceeded to enter reverse and proceeded backwards towards my vehicle. The vehicle then stopped while keeping the vehicle in reverse. The vehicle white reverse lights were still active and while approaching the vehicle, I observed the back up camera still activated.

I approached the vehicle and observed a white male slouched in the driver seat later identified by FL DL as Jose Blanco(DOB 3/30/85). While speaking with Jose he advised he just left a party at his friends house and was headed to another friend's house to drop him off for the night. While at the driver window, I detected a strong odor of alcohol coming from the vehicle. When asked how much he had to drink, Jose stated he had two drinks. When asked how long ago, he advised two hours ago and then stated he drank at six. When asked how he consumed the drinks, Jose stated he had tequila, beer and had another beer after dancing. Jose spoke with a slurred speech and stuttered numerous times. I asked Jose if he would perform exercises to ensure he was not driving while Impaired. Jose intially refused roadside excercises. I informed Jose of the Taylor Warnings and asked again to perform the roadside exercises. Jose agreed to perform roadside tasks.

The exercise area was cleared of any debris and a green non-reflective tape was applied to the ground in a straight line and illuminated with my vehicle's headlights. Jose was placed in the instructional stance for HGN and given instructions. Jose advised he understood the instructions. See DUI Supplemental PC for further information.

Jose was placed into the instructional stance for the walk and turn and given instructions. Jose advised he understood the instructions. See DUI supplemental PC for further information.

Jose was placed in the instructional stance for the One leg stand. Jose advised he understood the instructions. See DUI supplemental PC for further information.

Jose was placed in the instructional stance for the finger to nose. Jose advised he understood the instructions. See DUI supplemental PC for further information.

Jose was placed in the instructional stance for the Romberg Alphabet. Jose advised he understood the instructions. See DUI supplemental PC for further information.

Due to the above investigation, probable cause exists for DUI pursuant to FSS 316.193(1). Jose was placed in handcuffs, double locked, checked for tightness and placed in the rear passenger compartment of my marked PBSO vehicle where he was transported to Palm Beach County BAT center without incident. Jose was placed under 20 minute observation where he did not take anything by mouth nor regurgitate. Jose was escorted to the breath test sample and asked to provide a breath sample. Jose refused the breath sample. I read Jose Implied Consent and asked Jose to perform a breath sample, from which he again refused.

Jose was then transported to Palm Beach County Main Detention Center without incident and turned over to corrections staff.

This case is clear by arrest.
