PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and reasonable grounds to believe, and does believe that the above named Defendant committed the following violation of law
The Person taken into custody

☐ committed the below acts in my presence
☐ confessed to _____ admitting to the below facts
☐ was observed by _____ who told _____ that he/she saw the arrested person committ the below acts.
☒ was found to have committed the below acts, resulting from my (described) investigation.

On the 30 day of September, 2018 at 21:45 (Specifically include facts constituting cause for arrest.)

On 9-30-2018 at approximately 2125 hours, I was traveling northbound on N. Federal Hwy in Boca Raton, Fl, when I observed a black vehicle traveling southbound on N. Federal Hwy with no headlights on. I made a U-Turn in the roadway and attempted to catch up with the vehicle, which was traveling at a high rate of speed. I eventually caught up with the vehicle and saw that it had left its lane of travel by traveling in the middle of two lanes. Based on the above mentioned traffic violations, I conducted a traffic stop on the car. As I turned on my overhead-lights the vehicle did not stop immediately and it continued traveling southbound. Once the driver noticed I was behind her, she began breaking and attempted to stop but was unsuccessful due to the fact that she hit a raised curb on the east side of the roadway. The vehicle went over the curb and stopped shortly thereafter. Upon making contact with the driver, later identified through her FLDL as Kathleen Lonano, I detected the odor of an alcoholic beverage coming from her breath and she had a slurred speech. Lonano kept stating that she was "scared" and that she was surprised that I was behind her. I asked Lonano where she was coming from and she said she was with her son in Delray Beach, Fl. I then informed Lonano that she was traveling at a high rate of speed and that her headlights were not on. Lonano told me that it is not her vehicle and that her son drives the vehicle a lot. Shortly after saying this, she inadvertently changed her story and told me that it was her vehicle. She also changed her story again and said she was in Delray Beach, Fl, with a friend. Lonano stated that she had consumed one glass of wine tonight. She also took an extended amount of time trying to locate her FLDL, she was unable to find her registration and insurance per my request.

I retrieved her documents and returned to my police vehicle to run her FLDL through FCIC/NCIC but was alarmed when I saw Lonano exit her vehicle and began walking around. It appeared as if Lonano was going to go inside her trunk, she then changed paths and walked to the front of her car to see if her headlights were indeed off. Lonano was also on the phone during this time, which I requested that she hang up. She eventually

did hang up, after I asked her several times. I then said to Lonano that I believed she had more then one glass of wine. Lonano stated I had "two, maybe three." Ofc. Tyson arrived on scene as a back-up officer.

I then asked Lonano to walk to the front of my vehicle so that I could ask her further questions, which she did. Once there, Lonano began speaking with me but with her hand over her mouth. It appeared as if she was trying to mask the odor of an alcoholic beverage from me. I asked her why she kept her hand over her mouth but she did not give a response and immediately put it down to her side. Upon removing her hand and in close proximity with Lonano, the odor of an alcoholic beverage still remained.

I explained my observations to Lonano and requested that she submit to the standard roadside exercises to dispel my alarm she was driving impaired, she provided consent. Lonano stated she had an injured ankle and couldn't walk. It should be noted that Lonano was walking fine before I asked her to perform the task. Lonano also advised she takes blood pressure and thyroid medication.

I explained and demonstrated each task before she attempted them.

The first task was the Finger to Nose. L- Eyes open. R- Held her finger to nose, eyes were open. Lonano asked how long she had to hold her finger to nose and had to be reminded to bring it down to her side. L- Held finger again and said she was sorry. R- Missed the tip of her nose and held her finger. R- No issue. L- Held her finger to nose.

The second task was the Rhomberg Alphabet. Lonano did not say the alphabet in a slow non-rhythmic manner but stated the alphabet correctly. Her eyes were open during the task.

The third task was the Rhomberg Number Sequence (30-60). She counted correctly.

The fourth task was the Horizontal Gaze Nystagmus. While observing HGN, a lack of smooth pursuit was present in both eyes. Each eye had a constant jerking while at maximum deviation.

At 2145 hours, I placed Lonano under arrest for DUI per F.S.S. 316.193(1) and transported her to the Boca Raton Police Dept. booking facility where I conducted the 20 minute observation period and Intoxilyzer 8000. Ofc. Meade responded as a back-up officer in the DUI room. While in the DUI room, Lonano provided the first breath sample of .081. After providing her first breath sample, she asked if she had to provide another one. I read her implied consent and she agreed to provide the second breath sample which was .074.
