PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and resonable grounds to believe, and does believe that the above named Defendant committed the following violation of law.

The Person taken into custody . . .

☒ committed the below acts in my presence.

☐ confessed to _____ admitting to the below facts.

☐ was observed by _____ who told _____ that he/she saw the arrested person committ the below acts.

☐ was found to have committed the below acts, resulting from my (described) investigation.

On the 9 day of September, 2018 at 21:08 (Specifically include facts constituting cause for arrest.)

On the above date at approximately 2108 hours, I was on routine patrol in the area of northbound US Highway 1 just north of the intersection with Breakwater Court, in the Town of Jupiter, Palm Beach County, Florida.

I was traveling in the right hand through lane. I observed a vehicle in the left hand through lane about 100 feet behind me. I saw another vehicle behind that one, approaching the first vehicle rapidly. This is a posted 45 miles per hour zone. The second vehicle (identified shortly thereafter as a 2018 Volkswagen bearing Florida license plate HBZQ63) changed lanes quickly while traveling at a noticeably high rate of speed. The vehicle then changed back to the left hand lane abruptly. I visually estimated the vehicle`s speed at 65 miles per hour. I activated my in car radar`s (Stalker Dual SL s/n DD005051) in same direction moving mode. The digital patrol speed display matched that of my certified speedometer and the target vehicle display indicated a speed of 63 miles per hour. I heard a steady audio Doppler tone. There were no vehicles between myself and the Volkswagen. The vehicle slowed to the speed limit as it passed my vehicle, an unmarked but still recognizable police car.

I initiated a traffic stop of the vehicle in the area of the intersection with Highway A1A. The vehicle took some time to pull into the parking lot of 1001 North US Highway 1. I made contact with the driver and sole occupant, Kelli Johnson. Johnson had bloodshot, glassy eyes. Johnson had the odor of an unknown alcoholic beverage on her breath. Johnson had mumbled and sometimes slurred speech. Johnson stated she was just trying to get around the vehicle I had seen her aggressively maneuver around. Johnson stated she had been drinking at U-Tiki, a nearby bar. Johnson had some difficulty manipulating her documents and possessions. I asked Johnson how much she`d had to drink. Johnson indicated she`d had two drinks only.

Upon the arrival of Officer Zesut, who was acting as my back up, I asked Johnson to exit

her vehicle. Johnson was wearing tall platform shoes and asked to take them off, but then hesitated to do so. I advised Johnson that it would probably be a good idea to take them off but she didn`t have to. Johnson took her shoes off. I asked Johnson again how much she`d had to drink. Johnson now indicated it was only one drink. I asked her about the inconsistency and she advised it was two drinks, with one at the Jupiter Beach Resort and one at the Square Grouper. I advised Johnson that I was starting a DUI investigation and asked her to complete roadside tasks. Johnson agreed. Johnson advised she has vertigo and it affects her on stairs and at the beach. I asked if it was affecting her now and she indicated that it was not.

I first conducted Horizontal Gaze Nystagmus. I am a certified Drug Recognition Expert and conducted the task in a manner consistent with my training. Johnson was swaying visibly during the task and had some difficulty keeping her head still as instructed. I observed lack of smooth pursuit, distinct and sustained nystagmus at maximum deviation and onset of nystagmus prior to 45 degrees in both of Johnson`s eyes. Vertical gaze nystagmus was also present.

I then started the Walk and Turn task. Johnson advised she was having "bad" vertigo during the instructional phase. I told Johnson we would do the alternative battery of tasks. Johnson started the Walk and Turn anyways, missing heel to toe on every step before I stopped her. I had to repeat myself several times to get Johnson to stop and pay attention to me.

I commandeered a chair from a nearby restaurant to complete the seated battery of SFSTs. I have previously taken an 8 hour course in the seated battery of roadside tasks and have experience using them in the field.

I first conducted the seated HGN. I had the same results, observing all six clues and vertical gaze nystagmus to be present.

I next conducted the seated Finger to Nose task. I had to remind Johnson to close her eyes during the task. I also observed the following: L1: Johnson missed using the tip of her finger, touching her nose with the first knuckle of her finger and forgot to put her finger back down to the side. R2: Johnson hesitated before touching the tip of her nose and used the pad of her finger. L3: Johnson used the pad of her finger to touch the tip of her nose. R4: Johnson used the pad of her finger to touch her nose between her nostrils, hesitating before touching. R5: Johnson used the pad of her finger to touch the tip of her nose. L6: Johnson used the pad of her finger to touch the tip of her nose.

I next conducted the Palm Pat task. I observed the following: Johnson double patted. Johnson chopped at least two pats. I had to remind Johnson to speed up, as she forgot to do so.

I then conducted the Hand Coordination task. I demonstrated each step of the task as well as the entire task after I had given every instruction. I observed the following: Johnson was unable to touch fist to fist when counting out, instead hitting her wrists together and hitting her own fist on the third count. Johnson only counted out three steps (improper count, improper touch). Johnson clapped three times, as instructed. Johnson went back three counts, counting 1 - 3 instead of 5 - 8 as instructed. On the second count, Johnson touched her wrists together rather than her fists (improper count, improper touch). Johnson then put her hands on her upper chest, rather than in her lap (improper position).

I then placed Johnson under arrest for DUI and advised her. I secured Johnson in handcuffs, which I checked for spacing and double locked. I then placed Johnson in the rear of my police vehicle and fastened the seatbelt. I transported Johnson to the Palm Beach County Breath Alcohol Testing Facility where I conducted a 20 minute observation period. I then requested that Johnson provide a sample of her breath. Johnson agreed and provided two samples of .259. I then read Johnson her Miranda Rights from a prepared text, which she stated she understood. Johnson declined to answer questions. I placed Johnson in a holding cell while I completed my paperwork.

Upon completion of my paperwork, I booked Johnson into the Palm Beach County Jail, where I charged her with DUI (enhanced BrAC over .15) per FSS 316.193(4).

My on scene investigation was captured on my body worn camera. Johnson was notably cooperative and polite throughout my encounter with her.
