Probable Cause

ROUGH ARREST REPORT A more detailed probable cause affidavit will be submitted to the Palm Beach County State Attorney's office at a later date in time.

On 9/15/2018 I was informed by dispatch that there was a report of a wrong way driver traveling southbound on Interstate 95 in the northbound lanes. Trooper Michael Oporto (#398) located a single vehicle crash on the left shoulder of Interstate 95 south of Donald Ross Road, a blue Toyota with an attached Florida tag of RPN26. Upon his arrival Trooper Oporto observed a white male crawling out of the vehicle from the front right passenger door. The keys were in the ignition and multiple airbags were deployed. The vehicle had damage that was consistent with striking the concrete traffic barrier. The white male that climbed out of the vehicle was identified by his Florida drivers license as Louis Jimmy Schobel Jr (FL DL: S140530931420). I spoke to Mr. Schobel about the vehicle crash. He seemed to

NOT A CERTIFIED COPY

have difficulty explaining what had occurred. As I spoke to Mr. Schobel I smelled the strong odor of an alcoholic beverage coming from his breath as he spoke. His eyes were red and glassy and he seemed to be unsteady on his feet. After completion of my crash investigation I informed Mr. Schobel that the crash investigation had ended and I was beginning a DUI investigation. I read him his Miranda Rights from my Florida Highway Patrol Miranda Warning Card. He stated that he understood his rights and did not wish to answer any questions without a lawyer present. I then asked him if he was willing to perform standardized field sobriety exercises and he was initially hesitant to perform the exercises. I informed Mr. Schobel that I couldn't force him to perform the exercises but his refusal to do the exercises may be used against him and that I would have to make my determination based upon my observations. He agreed to perform the exercises. The results of those exercises are summarized below. Prior to beginning the exercises I asked Mr. Schobel if he had any medical conditions I should know about. He stated that he was diagnosed with Graves disease. I asked him what his natural eye color was and he stated blue which was observed. I asked him if he had any injuries and he stated none that he was aware of.

Horizontal Gaze Nystagmus Exercise

-Lack of smooth pursuit, jerky tracking of stimulus in both eyes
-Horizontal gaze nystagmus at maximum deviation in both eyes
-Horizontal gaze nystagmus prior to 45 degrees in both eyes

Walk and Turn Exercise

-Did not stay in starting position, keeping hands to side as instructed
-Used arms to balance
-Lost balance and nearly fell over multiple times
-Did not turn around correctly and instructed

One Leg Stand Exercise

-Put foot down multiple times
-Used arms to balance
-Lost balance and nearly fell over multiple times

Based upon the totality of the circumstances I determined that there was probable cause to believe that Louis Jimmy Schobel Jr. committed the offense of driving under the influence by being in actual physical control/operating a motor vehicle while under the influence of alcohol or any controlled substance per Chapter 893, while their normal faculties were impaired. I then placed Mr. Schobel under arrest for DUI and handcuffed him behind his back. His vehicle was towed from the scene by a rotational wrecker. I then transported the driver to the Palm Beach County Breath Alcohol Testing (BAT) Facility. After a 20 minute observation period where the driver did not ingest anything by mouth I asked him to provide a breath test to test for the alcoholic content of his breath. He agreed to provide the samples and provided a first sample of 0.153 g/210L and a second sample of 0.145 g/210L. The question and answer portion was not completed because the driver had already invoked his Miranda rights and did not wish to answer questions without a lawyer present. Louis Jimmy Schobel Jr. was issued a uniform traffic citation for careless driving and uniform traffic citation for DUI resulting in
