PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and reasonable grounds to believe, and does believe that the above named Defendant committed the following violation of law

The Person taken into custody

☐ committed the below acts in my presence.

☐ was observed by _____ who told _____ that he/she saw the arrested person committ the below acts.

☐ confessed to _____ admitting to the below facts

☒ was found to have committed the below acts, resulting from my (described) investigation

On the 21 day of September, 2018 at 02:25 (Specifically include facts constituting cause for arrest.)

On 9/21/18 at 0159 hours I was conducting traffic enforcement at the intersection of Butts Rd and Town Center Rd when I observed a 2015 white BMW 4 door sedan bearing FL tag ICTG77 traveling eastbound in the inside lane on Town Center Rd. I observed the vehicle travel through the intersection at approximately 7 MPH while failing to stop at the stop sign and make a left turn to head north on Butts Rd. I conducted a traffic stop on the vehicle at 2333 W. Glades Rd.

I made contact with the driver of the vehicle who was identified by FL DL as W/M Matthew Broderick and the passenger who was identified by FL DL as W/M Cristopher Chavez Mendez. I smelled the odor of alcoholic beverage emanating from Broderick `s person, observed that he had bloodshot eyes, and slurred speech. Broderick advised that he was coming from Blue Martini which is bar at the Boca Raton Town Center Mall (6000 W. Glades Rd). Broderick stated that he had consumed two vodka and cranberry juice drinks. Broderick stated that he arrived at Blue Martini at 2200 hours and did not leave until approximately 0130 hours. I asked Broderick on a scale of one to ten how intoxicated he felt and he stated that he was a four. I asked Broderick if he would attempt the standardized field sobriety exercises to dispel my alarm that he was driving impaired and he agreed. Broderick advised that he did not have any injuries but did say that he has epilepsy however he was not suffering from any seizures.

The first task was the Walk and Turn. I gave the instructions to Broderick at the task and I asked if he understood. He advised he understood and I then instructed him to begin the task. Broderick was swaying during the instructions and unable to maintain the starting position. During the task he was unable to maintain his hands at his side and used them to balance. He stepped off the line multiple times during the task. When he reached his eighth step he stumbled, stepped of the line, and spun around. He then raised his hands over his head in frustration and stopped the task. He then stated to me that he had a few drinks. Broderick restarted the exercise and took three more steps (a

total of 11) and then made an improper turn. Broderick then stopped the task again and placed his hands over his face. Broderick failed to maintain heel to toe during steps seven and then on the way back on step eight. Once Broderick finished the task he told me that "the ninth was kind of fucked up".

The second task was the one leg stand. I gave the instructions and demonstrated the task. I asked Broderick if he had any questions and he advised he did not. Broderick was unable to keep his arms at his side. During the exercise he used his arms to maintain balance. Broderick swayed during the task, hopped, and put his foot down. Broderick put his foot down and stopped doing the exercise while there was still time remaining in the exercise. Broderick told me that was "all he got" and stopped the exercise. Broderick told me that he wanted to "go straight to the breathalyzer" and indicated that he wanted to stop doing the exercises. I then read him his Taylor Warnings and he agreed to continue doing the exercises.

The third task was the finger to nose task. I read Broderick the instructions and he advised that he understood them. Broderick failed to maintain the starting position. When I started the first task by saying left, Broderick turned his head to the left. I then read him the instructions a second time which he advised that he understood. Broderick then raised his left hand to the left of his head and did not bring his hand near his nose. Broderick then continued to raise his right hand to the right of his head. Broderick then raised his left hand to the left of his head. Broderick then raised his right hand to the right of his head. Broderick then raised his right hand to the right of his head. Broderick then raised his left hand to the left of his head. Broderick was swaying constantly and failed to keep his head back.

The fourth task was the English Alphabet from A to Z in a non-rhythmic manner. Broderick recited the alphabet in a rhythmic manner.

I then placed Broderick under arrest for DUI in violation of F.S.S 316.193(1). Officer Fong conducted the observation period and operated the Intoxilyzer 8000. I asked Broderick to provide a breath sample and he submitted samples of .198 & .188. Broderick was issued a citation for the stop sign violation and TOT CJ.
