PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and reasonable grounds to believe, and does believe that the above named Defendant committed the following violation of law.
The Person taken into custody

- ☐ committed the below acts in my presence.
- ☐ confessed to _____ admitting to the below facts.
- ☐ was observed by _____ who told _____ that he/she saw the arrested person commit the below acts.
- ☐ was found to have commited the below acts, resulting from my (described) investigation.

On the 12TH day of NOVEMBER 20 18 at 2359 ☐ A. M. ☒ P.M. (Specifically include facts constituting cause for arrest.)

On the above date and time, I was conducting a DUI investigation on the defendant. During my investigation, I smelled a strong odor of marijuana coming from the interior of the vehicle. During the course of my investigation, the defendant stated she smoked marijuana earlier. After developing probable cause to arrest the defendant, an inventory was conducted of her vehicle prior the arrival of the tow truck which was requested by rotation. During my inventory, I located a clear bag containing green leafy substance which based on my training and experience, I determined to resemble marijuana. The green leafy substance was field tested utilizing a Duquenois marquis test kit which turned a light blue to purple indicating positive for THC. The marijuana was field tested utilizing an uncertified scale which weighed 9.75 grams. After the defendant refused to provide a technician with two breath samples of her breath, she was read her constitutional rights. The defendant stated she wanted her lawyer present and there for was not asked any questions of the marijuana. The marijuana was located in her car on the passenger seat next to her hair brush and purse.

Based on the above information, I developed probable cause to arrest charge and arrest the defendant with possession of marijuana less than 20 grams.

I was on Swain Blvd facing south at Lake Worth Rd in the city of Greenacres, FL when I observed a gray BMW 4dr driving west in the right lane at a high rate of speed. I visually estimated its speed at approximately 70MPH while the limit in that portion of Lake Worth Rd is 45MPH. I began to attempt to catch up to the vehicle and pace it, confirming its speed was approaching 75MPH. I observed the vehicle weave from the right lane into the center lane three times nearly sideswiping three vehicles. It should be noted that my in-car camera activated just prior to the BMW nearly sideswiping the third car. Its speed at that time was 63MPH. It accelerated to 70MPH weaving to the right into the bike lane. I then activated my lights and siren, which activated the in-car camera at S. Jog Rd and Lake Worth Rd. The BWM which I now could see was bearing FL tag DGWX05 stopped at Rye Rd and Lake Worth Rd. I approached the vehicle and identified the driver as Meghan Francis by her FL drivers license. I immediately saw that Meghan's eyes were glossy and extremely bloodshot, her speech was slightly slurred, she had light hiccups while speaking to me. I initially could not smell the odor of alcoholic beverages coming from her, but did smell it a few minutes later when the wind changed direction. I commented about Meghan's bloodshot eyes and asked if she had been drinking or smoking (meaning marijuana). She said that she had not been drinking, but had medical marijuana approximately eight hours prior. Based on my observation I believed that she impaired and requested a DUI Investigator respond. Inv. Soriano and D/S Rodriguez responded and assumed the investigation. It should be noted that I classified the in-car videos for this traffic stop and uploaded them to the District 16 server.

ON THE 12TH DAY OF NOVEMBER 20 18, AT 2359 ✓ AM PM

SUBJECT: FRANCIS MEGHAN ALLISON CASE NUMBER: 18144072

AGENCY: PALM BEACH COUNTY SHERIFF'S OFFICE ARRESTING OFFICER: D/S D. RODRIGUEZ

PERSONAL CONTACT

DRIVING PATTERN: ACTUAL PHYSICAL CONTROL (PHYSICAL EVIDENCE OR STATEMENTS PUTTING DEF. BEHIND WHEEL OF VEHICLE)

On November 12, 2018 at approximately 2359 hours, I was dispatched with Corporal Soriano #9418 to Lake Worth Road and Highland Drive or a traffic stop possibly involving a drunk driver. Upon our arrival , I observed a dark gray Mercedes with the driver side door open bearing the Florida tag "DGWX05" parked in front of a patrol car with it's emergency lights activated. I met with Sergeant Lopez, who stated the following: "I was on Swain Blvd facing south at Lake Worth Rd in the city of Greenacres, FL, when I observed a gray Mercedes 4dr driving west in the right lane at a high rate of speed. I visually estimated its speed at approximately 70MPH while the limit in that portion of Lake Worth Rd is 45MPH. The Mercedes which I now could see was bearing FL tag DGWX05 stopped at Rye Rd and Lake Worth Rd. I approached the vehicle and identified the driver as Meghan Francis by her FL drivers license. I immediately saw that Meghan's eyes were glossy and extremely bloodshot, her speech was slightly slurred, she had light hiccups while speaking to me. Soriano and D/S Rodriguez responded and assumed the investigation. It should be noted that I classified the in-car videos for this traffic stop and uploaded them to the District 16 server."

OBSERVATION OF DRIVER:

Upon approaching the vehicle, I observed a white female in the driver's seat whom I identified by Florida driver's license as Meghan Allison Francis. I approached Francis and identified myself as a Palm Beach County Deputy Sheriff. Francis' driver side door was open and I observed she was wearing black pants, a white shirt and black heels. While questioning Francis, I smelled a strong odor of an unidentified alcoholic beverage on her breath and a strong odor of marijuana emanating from the vehicle. I observed Francis' eyes appeared red and glossy. I observed that she was agitated and she asked me who was responsible for pulling her over. Francis was asked to exit the vehicle to perform field sobriety tasks which she agreed to. While exiting the vehicle, Francis appeared to be shaky on her feet. I asked if she would prefer to remove her high heeled shoes before performing the field sobriety tasks, and she replied, "yes."

DRIVER'S STATEMENTS:

I asked Francis if she had been drinking. Francis said she had not consumed any alcohol. She then stated she smoked marijuana earlier in the day and she also said it's prescribed to her through a physician. I asked Francis what medical problems and/or previous injuries she had and she replied, "none." I asked Francis if she wore any glasses or contacts to correct her vision and she replied no she did not. I asked Francis if she takes any medications and she replied, "no, I don't take any drugs". I again asked her if she took any prescription or illegal drugs and she said no after admitting to marijuana use earlier.

ODORS:

Obvious odor of an unknown alcoholic beverage and strong odor of marijuana.

- [x] LT- EYE-ONSET OF NYSTAGMUS PRIOR TO 45 DEGREES
- [x] RT- EYE-ONSET OF NYSTAGMUS PRIOR TO 45 DEGREES

Other Observations:

HGN -Once Francis was positioned in the front of my vehicle, I continued my investigation. I instructed Francis to keep her hands by her side, stand with her feet together, and follow a blue light stimulus with her eyes while not moving her head. I asked her if she understood my instructions and Francis verbally stated she understood my instructions. Francis swayed while standing stationary. I observed both eyes to be red, bloodshot, and glassy. Her left and right eye displayed equal pupil size, equal tracking, and a lack of smooth pursuit. I observed distinct and sustained nystagmus was present in both the left and right eye at maximum deviation during two separate four second evaluations. At this time it began to rain, so I escorted her to a covered area nearby with a smooth level surface free of debris. I continued my investigation by observing the onset of nystagmus was prior to a 45 degree angle in both her left and right eye during two separate four second evaluations. Vertical nystagmus was not present in both the left and right eye during two separate four second evaluations. While conducting the task I had to remind her to keep her hands down at her sides and not turn her head.

WALK & TURN:

I positioned Francis on a yellow line utilizing yellow duct tape, which was on a smooth and level surface, free of any debris and well lit by the headlights on my vehicle and nearby street lighting. I instructed Francis to place her left foot on the line and her right foot in front of the left touching heel to toe. I instructed her that she was to keep her hands at her side and stay in this position until I instructed him to do otherwise. I instructed her to walk nine heel to toe steps counting out loud, while watching her feet. On the ninth step she was to keep her front foot on the line and use her back foot, in a series of small steps, to turn around before walking nine heel to toe steps the opposite direction counting out loud and watching her feet. I demonstrated the task, while I was verbally instructing her in the proper way to complete the task. Once Francis stated she understood, I had her perform the task. During the task, I observed the Francis started too soon several times, did not touch heel to toe and stepped off the line several times. She did not count as instructed had trouble counting aloud and did not turn properly. She stepped off line to turn around and walked back to her starting point without walking heel to toe. She also used her arms for balance.

ONE LEG STAND:

I placed Francis with her feet together and arms at her side. I demonstrated the task, as I verbally instructed her to raise one of her feet approximately six inches off of the ground, point her toe towards my patrol car, look at the raised foot, and count out loud 1001, 1002, 1003 and so on until told to stop. I asked her if she understood the instructions and demonstration I provided. After Francis stated she understood my instructions, the task was performed. While Francis performed the task I observed she put her foot down several times within 30 seconds. I also had to instruct Francis to count out loud.

FINGER TO NOSE:

I instructed Francis to stand with her feet together, make each hand into a fist keeping, extended her index fingers and to place her palms facing up. She was instructed to lower her arms by her side. I instructed and demonstrated the proper hand and arm position and for her to remain in this position while I demonstrated the rest of the task. I instructed and demonstrated her to tilt her head back approximately 45 degrees and close her eyes while waiting for a verbal command of left or right. On the command of "left" or "right", she would raise the requested hand, touch the tip of her finger to the tip of her nose, then bring her hand immediately back down to her side. I asked her if she understood the instructions I provided and she verbally stated she understood. I instructed her to start the task as explained. During the task, I observed Francis did not keep eyes closed, did not return her arms to her side, had trouble tilting her head back, used arms to maintain balance and did not touch the tip of her nose on every command.

ROMBERG ALPHABET:

I verbally inquired if Francis could recite the entire English alphabet. She stated she was able to recite the English alphabet and I instructed her to place her feet together with her arms at her side and stay in this position until told to do otherwise. I instructed her that upon starting she was to tilt her head back approximately 45 degrees and close her eyes. She would begin to state the alphabet in a slow and methodical manner without singing or rhyming it. I asked her if she understood the instructions and she verbally replied she understood. I instructed Francis to start the task as explained. During the task, I observed Francis did not keep eyes closed but recited the alphabet as instructed.

IMPLIED CONSENT FOR DUI IN A MOTOR VEHICLE

NOTE: READ ONLY THE PARAGRAPH APPLICABLE TO THE TYPE OF TEST YOU ARE REQUESTING.

I am now requesting that you submit to a lawful test of your BREATH for the purpose of determining its alcohol content.

-OR-

I am now requesting that you submit to a lawful test of your URINE for the purpose of detecting the presence of chemical or controlled substances.

-OR-

I am now requesting that you submit to a lawful test of your BLOOD for the purpose of detecting its alcohol content and the presence of chemical or controlled substances.

NOTE: READ ONLY IF THE SUBJECT DOES NOT COMPLY WITH YOUR REQUEST.

I am D/S Rodriguez of the PBSO.

If you fail to submit to the test I have requested of you, your privilege to operate a motor vehicle will be suspended for a period of one (1) year for a first refusal, or eighteen (18) months if your privilege has been previously suspended as a result of a refusal to submit to a lawful test of your breath, urine or blood. Additionally, if you refuse to submit to the test I have requested of you and if your driving privilege has been previously suspended for a prior refusal to submit to a lawful test of your breath, urine or blood, you will be committing a misdemeanor. Refusal to submit to the test I have requested of you is admissible into evidence in any criminal proceeding.
