PROBABLE CAUSE

At approximately 2:24AM I was dispatched to a call for assistance from the Delray Beach Police Department requesting a unit respond to a possibly intoxicated driver on Interstate 95 southbound near Palmetto Park Road. I arrived on scene at approximately 2:34AM and observed a marked Delray Beach Police vehicle on the left shoulder of the roadway with emergency lights activated behind a white Toyota Camry with an attached Florida tag of HPHE58 (just south of Glades Road). I spoke to Delray Beach officer David T. Steed who performed the traffic stop and he advised me that he observed the driver of the Toyota Camry driving extremely slow in the HOV lane relative to traffic with it's left turn signal activated. He also stated that the vehicle swerved into his lane and almost struck his patrol vehicle. He initiated a traffic stop on the vehicle and the driver handed him her Florida drivers license. That drivers license was used to identify the driver of the white Toyota Camry as Melissa Catherina Turibbi Valladares (FL DL: T611543775510). Officer Steed provided a sworn witness statement detailing what he had observed. I approached the drivers side window and spoke to Mrs. Turibbi Valladares. As I spoke to her I smelled the strong odor of an alcoholic beverage coming from the interior of the vehicle. I also noticed that her eyes were red and glassy and that her speech was noticeably slurred and thick tongued. I asked where she was coming from and she stated that she was at a restaurant in West Palm Beach where she had a meal and one glass of wine. She had basic command of the English language however her first and primary language was Spanish so I requested that a Spanish speaker respond to the scene to assist. Boca Raton Police officer D. Graham #773 responded to the scene and translated from English to Spanish and vice versa when necessary. I asked her again where she was coming from and she stated that she was driving from a restaurant called Cooper in West Palm Beach. I asked her if she had drank any alcoholic beverages and she stated that she had one cup of wine at the restaurant. As I spoke to her I smelled the strong odor of an alcoholic beverage coming from her breath as she spoke. I also noticed that her eyes were red and glassy and she appeared unsteady on her feet (subject was barefoot). I informed her that based upon what I had observed I believed that she may be impaired and asked her to perform standardized field sobriety exercises (SFSEs) which she agreed to perform. Before we started the exercises I asked her if she had any medical conditions and she stated no. I asked her if she wears glasses or contacts and she stated no. I asked her if her natural eye color was brown (which was observed) and she stated yes. The results of those exercises are outlined below. Each exercise was demonstrated and explained prior to the subject beginning the exercise.

Horizontal Gaze Nystagmus
 -Horizontal gaze nystagmus at maximum deviation in both eyes
 -Horizontal gaze nystagmus prior to 45 degrees in both eyes
 -Unsmooth and jerky tracking of the stimulus
 -Noticeable orbital sway while standing

Walk and Turn Exercise
 -Could not stay in the starting position as instructed
 -Used arms to balance
 -Several steps were not heel to toe
 -Walked off line multiple times

One Leg Stand
 -Failed to count aloud as instructed
 -Placed hands behind back at one point
 -Used arms to balance at another instance
 -Put foot down on multiple occasions

Based upon the totality of the circumstances I determined that there was probable cause to believe that Mrs. Turibbi Valladares committed the offense of driving under the influence by being in actual physical control/operating a motor vehicle while under the influence of alcoholic beverages, any chemical substance per Florida State Statutes 877.111, or any controlled substance per Chapter 893, while their normal faculties were impaired. I then placed Mrs. Turibbi Valladares under arrest for the above offense and handcuffed her behind her back. She was then placed in the backseat of my patrol vehicle. The vehicle was towed from the scene by a rotational wrecker. I then transported her to the Palm Beach County Breath Alcohol Testing (BAT) facility. After a 20 minute observation period I asked her to provide a breath test sample to test for the alcoholic content of her breath. She refused to provide a breath test sample and requested that she speak with a lawyer. I showed her the Florida Implied Consent Warning that was written in Spanish and she still refused to provide a breath test sample requesting that she speak with a lawyer. She was subsequently taken to the central booking area without incident. She was issued a DUI citation as well as a uniform traffic citation for improper change of lane. All events occurred in Palm Beach County, FL.
