D.U.I. PROBABLE CAUSE AFFIDAVIT

ON THE 27th DAY OF April 20 19, AT 2:06 ✓ AM PM

SUBJECT: Hanlet-Galbraith Nadine G CASE NUMBER: 19-002039

AGENCY: Jupiter Police Department ARRESTING OFFICER: Craig Yochum # 383

PERSONAL CONTACT

DRIVING PATTERN: ACTUAL PHYSICAL CONTROL (PHYSICAL EVIDENCE OR STATEMENTS PUTTING DEF. BEHIND WHEEL OF VEHICLE)

On the aforementioned date and time, Officer Shaff heard a motor vehicle crash occur in the area of University Blvd. and Parkside Dr. PFC Kolenich and Officer Ferguson observed a white 2015 Lincoln SUV bearing FL tag # ASLF51 with heavy front-end damage traveling south on Parkside Dr. approaching University Blvd. A traffic stop was performed on the vehicle and the driver was identified to be Nadine Hanlet-Galbraith (w/f; 01/04/1961). See supplements from Officer Shaff, Officer Ferguson, and PFC Kolenich.

Upon my arrival, I observed a silver SUV parked, facing south on Parkside Dr. in a parallel parking space with heavy front end damage. From the rear of that vehicle, on the ground, I observed fluid runoff leading from the crash scene approximately 100 yards south on Parkside Dr., leading up to where the white Lincoln was (at the intersection of Parkside Dr. and University Blvd.). The runoff was not in a straight line down the center of the lane but rather seemed to weave within the southbound lane of Parkside Dr. up to the Lincoln.

OBSERVATION OF DRIVER:

I observed Hanlet-Galbraith standing on the west side of her vehicle with Officer Shaff. I made contact with Hanlet-Galbraith and observed she had bloodshot/watery eyes. I observed Hanlet-Galbraith's pupils appeared larger than normal (dilated). While Hanlet-Galbraith was speaking, I noted it appeared as though she was having difficulty forming complete sentences, as she would trail off mid-thought or not provide answers at all. After speaking with Hanlet-Galbraith for several minutes, I could smell the slight odor of an unknown alcoholic beverage on her breath which intensified as she spoke to me. It also appeared, throughout my contact with Hanlet-Galbraith that she was generally avoiding direct eye contact with me and would stare off into the distance. I made contact with Officer Ferguson (officer investigating the crash) and confirmed his crash investigation was complete. I advised Hanlet-Galbraith that the crash investigation was complete and I was starting a criminal DUI investigation. I then read Hanlet-Galbraith her Miranda Warnings and confirmed she understood each one.

DRIVER'S STATEMENTS:

Hanlet-Galbraith advised she had consumed one glass of wine prior to my contact with her. She advised she did not have anything to eat with the glass of wine. She further advised the glass was a standard-sized glass of wine. I asked Hanlet-Galbraith to estimate her level of intoxication from 1 (being completely sober) to 10 (being the most intoxicated she had ever been). Hanlet-Galbraith advised she was a "4" on a scale of 1 to 10. Prior to administering Standardized Field Sobriety Tasks to Hanlet-Galbraith, I advised her of her Taylor Warnings several times. Hanlet-Galbraith requested I describe the SFSTs to her and I gave a brief explanation of the HGN, Walk and Turn, One Leg Stand, Finger to Nose, and Romberg Alphabet. After hearing my brief explanation, Hanlet-Galbraith agreed to complete SFSTs.

ODORS:

Odor of unknown alcoholic beverage on Hanlet-Galbraith's breath which intensified as she spoke.

GENERAL OBSERVATIONS

SPEECH: **Nothing abnormal noted**

ATTITUDE: **Cooperative, Uncooperative, Mood Swings, Angry, Sleepy, Argumentative**

CLOTHING: **Black shirt, Gray pants, Barefoot**

MEDICAL/OTHER: **No medical conditions stated. Hanlet-Galbraith advised she takes Amlodipine in the morning and Citrulline in the evenings. She further stated she takes another medication but could not remember the name.**

SUBJECT: Hanlet-Galbraith Nadine CASE NUMBER 19-002039

ROADSIDE TASKS

HORIZONTAL GAZE NYSTAGMUS:

- ☐ LT EYE-LACK OF SMOOTH PURSUIT
- ☐ RT EYE-LACK OF SMOOTH PURSUIT
- ☐ LT EYE-DISTINCT & SUSTAINED NYSTAGMUS AT MAX. DEVIATION
- ☐ RT EYE-DISTINCT & SUSTAINED NYSTAGMUS AT MAX. DEVIATION
- ☐ LT- EYE-ONSET OF NYSTAGMUS PRIOR TO 45 DEGREES
- ☐ RT- EYE-ONSET OF NYSTAGMUS PRIOR TO 45 DEGREES

Other Observations:

While administering the task, I observed Hanlet-Galbraith swaying from side to side. I did not observe any of the aforementioned clues. I observed Hanlet-Galbraith's pupils appeared to be larger than normal. I did not observe VGN.

WALK & TURN:

While explaining the task to Hanlet-Galbraith, she did not stand in the starting position and had to be reminded. Even after being reminded, Hanlet-Galbraith again broke her starting position stance and stood with both feet side by side for the remainder of my instructions. Hanlet-Galbraith did not return her feet to the starting position prior to beginning the task. On the first leg of the walk, Hanlet-Galbraith stepped off the line, to the left, on step 1 and used her arms to balance. Hanlet-Galbraith missed heel-to-toe (leaving a gap of approximately 1 inch) on step 5. Hanlet-Galbraith again used her arms to balance on step 8. Hanlet-Galbraith took a total of 8 steps down the line on the first leg. Hanlet-Galbraith paused to ask if she should turn around. I advised her to complete the task as best as she could remember. Hanlet-Galbraith turned improperly by taking small steps with both her feet to turn around (to her right). On the second leg of the walk, Hanlet-Galbraith used her arms to balance (outstretched to her sides like an airplane) on each step. Hanlet-Galbraith missed heel-to-toe on step 6 (leaving a gap of approximately 1 inch). Hanlet-Galbraith took a total of 9 steps back down the line.

ONE LEG STAND:

Hanlet-Galbraith elected to raise her right foot off the ground, standing planted on her left. Almost immediately after raising her right leg from the ground, Hanlet-Galbraith swayed to her right and used her left arm for balance. Hanlet-Galbraith had to be reminded to watch her foot. After approximately 15 seconds, Hanlet-Galbraith again raised her left arm to balance and placed her foot on the ground. Hanlet-Galbraith did not raise her foot back off the ground and had to be reminded to continue until I told her to stop. Hanlet-Galbraith raised her right foot off the ground again and stood, for several seconds, with her arms outstretched to her sides like an airplane before again placing them back down to her sides.

FINGER TO NOSE:

Hanlet-Galbraith demonstrated knowledge of her left and right hands prior to the exercise. When told to begin, Hanlet-Galbraith did not close her eyes and tilt her head back, as instructed, and had to be reminded. On the first call of left, Hanlet-Galbraith appropriately touched her finger to her nose. On the first call of right, Hanlet-Galbraith touched the pad of her right finger to the tip of her nose. On the second call of left, Hanlet-Galbraith touched the pad of her left finger to the tip of her nose. For the remainder of the exercise (right, right, left), Hanlet-Galbraith appropriately touched her finger to her nose.

ROMBERG ALPHABET:

Hanlet-Galbraith advised she had a veterinary degree and that she was comfortable with the alphabet from A to Z. Hanlet-Galbraith completed the task, reciting the entire alphabet without skipping letters, grouping letters together, repeating letters, or rhyming letters.

BREATH TEST RESULTS: 1) Refused | 2) Refused | 3) | 4)
