On the 26 day of March 20 19 at 2145 ☐ AM ☒ PM

On Tuesday, March 26, 2019, at approximately 2050 hours, I arrived to 2398 Greenview Cove Drive, in the Village of Wellington, Palm Beach County, Florida 33414, in reference to a traffic crash accident.

Upon arrival, I made contact with the owner of a black-in-color Volvo, bearing Delaware license plate #25223, who was behind a tan-in-color truck bearing Florida license plate #80DES. It was advised to me by both drivers that an accident had occurred and the black-in-color Volvo had hit the rear of the tan-in-color truck.

Upon speaking with the owner of the black-in-color Volvo, Mr. Robert Lynam, I immediately noticed a strong odor of an unknown alcoholic beverage emanating from his breath which intensified as he spoke. Upon asking for his license, registration and insurance, Mr. Lynam fumbled around the vehicle only providing me with his license and insurance -- which I had to advise several times to him to provide me with insurance. While Mr. Lynam was outside of his vehicle, I requested him to take a seat as I observed him having a significant sway and an inability to stand still in one place. Upon Mr. Lynam attempting to take a seat, Mr. Lynam had difficulty in which he stumbled and tripped losing his balance several times. In addition, Mr. Lynam had disheveled clothing and bloodshot eyes and a noticeable slur in his speech.

Based on the above information, a DUI investigator was requested to the scene of the accident. Investigator Frey #9658 arrived to the scene. The investigation was turned over to investigator Frey.

This ends my involvement in the case.

SUBJECT: Lynam, Robert, Barton CASE NUMBER: 19052490

AGENCY: PALM BEACH COUNTY SHERIFF'S OFFICE ARRESTING OFFICER: INV. Jacob Frey

PERSONAL CONTACT

DRIVING PATTERN: ACTUAL PHYSICAL CONTROL (PHYSICAL EVIDENCE OR STATEMENTS PUTTING DEF. BEHIND WHEEL OF VEHICLE)

On 26Mar19 at approximately 2054hrs I arrived in the area of 2398 Greenview Cove Dr, the Village of Wellington, Palm Beach County in reference to a Driving Under the Influence (DUI) Crash.

Upon arrival I spoke to D/S J. Shackelford (28282). He told me he arrived on scene in reference to a crash investigation. Upon his arrival he made contact with the driver of a blue Volvo SUV (DE tag 25223). He was identified by his Delaware Driver's License as Robert Lynam. Upon speaking to him he told me he "noticed the strong odor of an unknown alcoholic beverage emanating from his breath". He stated he had asked Robert for his license, registration, and insurance several times. He observed Robert fumble around the inside of the vehicle looking for these documents. He stated he was only able to provide his license and insurance. D/S Shackelford stated while Robert was standing outside of his vehicle he observed him having a "significant sway and an inability to stand in one place" based on this he had him sit down to prevent him from falling. He told me Robert had stumbled and tripped several times losing his balance. He stated he observed Robert's eyes were bloodshot and his speech was slurred. He described Robert's clothing as "disheveled". D/S Shackelford completed a supplemental probable cause affidavit.

I spoke to Douglas Walsh. Douglas was the driver of the other vehicle involved in the crash. He told me he was stopped at the guardhouse for the community of Greenview Coye. While he was waiting to get his license checked to enter the property, he felt "someone run into the back" of his vehicle. He stated he got out of his vehicle and observed a dark colored Volvo "still in contact" with his vehicle. When he questioned the driver of the Volvo (Robert), he denied hitting him. Douglas stated he felt Robert's behavior appeared to him that he had been "drinking". He also told me there were two female passengers in the Volvo that had exited the vehicle from the passenger's side and left the scene. Douglas stated Robert "appeared to be unbalanced walking". Douglas pointed out Robert as the driver at the scene. Douglas completed a signed sworn statement.

I spoke to the Security Guard at the gate, Joshua Jara. Joshua told me he was checking Douglas in at the gate. He told me he heard a bump. He observed a vehicle directly behind Douglas's vehicle. In the driver's seat was a white male; he later pointed out Robert at the scene. Joshua completed a sign sworn witness statement.

OBSERVATION OF DRIVER:

I then made contact with Robert. As I was walking up to him I could smell the strong odor of an unknown alcoholic beverage coming from him. He was sitting on the edge of a water fountain in the front of the guardhouse. I observed him swaying while sitting. His speech was slurred and I could smell the odor of an unknown alcoholic beverage coming from his breath. His eyes were bloodshot and watery. He appeared excited and fidgety. When he did stand up he was unsteady on his feet and nearly fell over. When I returned his documents to him he stumble and staggered to his vehicle. I later had him walk to the front of my patrol vehicle for Standard Field Sobriety Tasks (SFST). He stumbled and staggered as he walked. At the front of my patrol vehicle he had a difficulty standing with his feet together and had to widen his stance for balance. His body swayed.

DRIVER'S STATEMENTS:

He made the spontaneous utterance prior to the SFST that he had one glass of wine then changed it to two glasses of wine. Post-Miranda he stated he had one to two glasses of wine.

ODORS:

strong odor of alcohol coming from his person and his breath.

Other Observations:

I checked his eyes for Horizontal Gaze Nystagmus (HGN). His eyes were bloodshot and watery. He had equal tracking and equal pupil size. His body swayed and he had to widen his stance for balance. He had a very difficult time following the stylus with his eyes and kept moving his head. I was unable to get him to stop moving his head and I had to move my body around his to complete this task. He had Vertical Gaze Nystagmus (VGN). When attempting to check his eyes for Lack Of Convergence (LOC), he could not follow with his eyes and rotated his head with the stylus. The task was completed on a dry and level surface.

WALK & TURN:

I instructed and demonstrated the walk and turn; he acknowledged he understood. He could not stand as instructed and had to step off the line several times. He stated he could not stand in the instructional stance. He began to walk before instructed to do so. He walked 11 steps forward failing to maintain heel to toe and stepping off the line several times (nearly falling over).He raised his arms from his side for balance. He turned incorrectly and stopped. He said he could walk back better because he was "dyslexic". He walked 6 steps back failing to maintain heel to toe (large gap/normal stride). He raised his arms from his side for balance. The task was completed bare foot on a dry and visually level surface using a yellow tape line.

ONE LEG STAND:

I instructed and demonstrated the one leg stand; he acknowledged he understood. He attempted the task two times. Each time he placed his foot down after a couple seconds and nearly fell over each time. On each of these two attempts his body swayed and he had to raise his arms from his side for balance. He attempted the task for a third time. He lifted his right foot with a bent knee. He placed his right foot down several times nearly falling over. He also hopped on his left foot and again nearly falling over. He lifted his arms from his sides for balance. The task was completed right foot bare on a dry and visually level surface.

FINGER TO NOSE:

I instructed and demonstrated the finger to nose; he acknowledged he understood. On each command he used his middle finger to touch his nose. On several commands he touched the underside and side of his nose. On the last two commands he used the wrong hand to touch his nose. His body swayed. He opened his eyes and tilted his head forward. The task was completed on a dry and visually level surface.

ROMBERG ALPHABET:

He told me his highest level of education was high school and acknowledged he knew the English alphabet. His body swayed during the task. He tilted his head forward and opened his eyes. He attempted the alphabet several times. Each time he repeated and skipped several letters. He never completed the alphabet. The task was completed on a dry and visually level surface.

I instructed the Modified Rhomberg. He told me he could estimate 30 seconds. He acknowledged he understood that 30 seconds was half of a minute and told me that his count to 100 would be 30 seconds. His estimate of 30 seconds was approximately 70 seconds. His body swayed during the task. During the task he placed his hands on his hips and then began untucking his shirt and pulling it up over his chest. The task was completed on a dry and level surface.
