PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and reasonable grounds to believe and does believe that the above named Defendant committed the following violation of law
The Person taken into custody

- [ ] committed the below acts in my presence
- [ ] confessed to _____ admitting to the below facts.
- [X] was observed by MANUEL NUNEZ who told D/S Bryan Evert 6238
- [ ] that he/she saw the arrested person commit the below acts.
- was found to have committed the below acts, resulting from my (described) investigation.

On the 14 day of SEPTEMBER 20 18 at 10:00 [X] A.M [ ] P.M (Specifically include facts constituting cause for arrest.)

Shaun Allen Mosier did dump litter in an amount exceeding 100 cubic feet in volume in or on private property belonging to Manuel Jose Nunez, without having obtained the prior consent of Manuel Jose Nunez, and such litter caused a public nuisance or was in violation of any other state or local law, rule, or regulation, contrary to Florida Statute 403.413(4) and (6)(c).

On Friday September 14, 2018, at approximately 1000 hrs, Manuel Jose Nunez saw Shaun Allen Mosier, whom he personally knows by sight, unload crushed concrete from a trailer along the canal bank to the north of his residence. Nunez's property line extends to the center of the canal. Nunez did not allow Mosier to dump the crushed concrete on his property. He saw another pile of crushed concrete to the west along the canal. He heard, but, did not physically observe Mosier dump the other pile. He obtained Florida tag number Z2ZQT from the truck. Nunez filled out a victim/witness statement. The tag number came back to a 2005 black GMC pick-up truck registered to Shaun Allen Mosier. I took photos and measurements of the two piles. The pile to the east measured approximately 189 cubic feet (9 feet wide by 21 feet long by 1 foot in height). The second pile was approximately 396 feet west of the first pile. The west pile measured approximately 216 cubic feet (9 feet wide by 12 feet long by 2 feet in height). Both piles appeared to consist of the same material.
