I immediately noticed that the Lexus did not have its headlights and taillights on. I followed the vehicle northbound on N Military Trail, the vehicle made a u-turn in the intersection of N Military Trail/ NW Corporate Blvd and preceded southbound on N Military Trail. While following the vehicle southbound on N Military Trail I observed the vehicle drift in and out of its lane.</p> <p>I then observed as the vehicle failed to come to a complete stop at the intersection of N Military Trail/ NW 19th St, the vehicle proceeded westbound onto NW 19th St and continued into the parking lot of 1901 N Military Trail (Farmers Table Restaurant).</p> <p>At this time I initiated a traffic stop by turning on my overhead lights and siren. I approached the driver side of the vehicle and made contact with the driver who identified herself as Sherri Nissinoff. While speaking to Nissinoff I noticed that she was very talkative. While speaking with her I observed the following clues, slurred speech, watery eyes, and constricted pupils.</p> <p>I advised Nissinoff that I had reasonable suspicion that she was operating a motor vehicle while impaired. I asked Nissinoff if she would participate in Standardized Field Sobriety Test. Nissinoff agreed to perform the task. I asked Nissinoff if she had any medical conditions or injuries that would prevent her from completing the tasks; she stated that she did not. I led Nissinoff to a level, dry, well-lit area for the tasks.</p> <p>The first exercise was the Horizontal Gaze Nystagmus (HGN.) I instructed Nissinoff to stand with her feet together and her hands at her side. I positioned my pen approximately 12 inches from Nissinoff's face and asked her to follow the movement of the pen with her eyes only. I further explained that her head was to remain still as her eyes moved. Nissinoff failed to follow direction and turned her face to follow the</p>

pen. Listed are my observations, (I observed equal pupils and tracking on both eyes.)

The next exercise I performed was Vertical Nystagmus. While performing Vertical Nystagmus I observed the following clues, lack of smooth pursuit on both eyes, and Nystagmus at max deviation.

The second task was the walk and turn. I instructed Nissinoff to place one foot in front of the other, touching the heel of the front foot to the toe of the rear foot. Nissinoff was instructed to place her hands at her sides and remain in this position until I asked her to start. I explained that she was to take nine steps forward in a heel to toe fashion while keeping her feet on the line. She was instructed to keep her foot on the line and turn using small pivot type steps. Nissinoff was instructed to take nine steps back on the line. Nissinoff was instructed to keep her hands at her sides throughout the task. I demonstrated the task and I asked if she had any questions. Nissinoff stated that she did not have any questions.

Listed are my observations, while in the start position Nissinoff was swaying to keep her balance, Nissinoff began the exercise before I told her to begin, and Nissinoff stepped off the line on step number 3 on the first 9 steps, and Stepped off the line on step number 2,3,4,5,6 on the second 9 steps.

The third task was the One Leg Stand Task. I asked Nissinoff to stand with her feet together and her hands at his sides. I asked her to remain in this position until I asked her to begin the task. I explained that she was to raise either foot approximately 6 inches off the ground and count to 30 aloud using a one one-thousand, two one-thousand format. I explained that she was to keep her arms and hands at her sides during the task. I demonstrated the task for Nissinoff and asked if she had any questions. Nissinoff stated that she did not have any questions.

My observations on the one leg stand were the following, Nissinoff swayed and used her arms to keep her balance throughout the exercise, and put her foot down at count 3,8,9,18,25. Nissinoff put her foot down at count 9 and stopped the exercise for approximately 5 seconds until I told her to continue.

The next exercise was the American Alphabet. I instructed Nissinoff to say the alphabet beginning with the letter A and stopping at Z without singing it. Nissinoff began to sing the alphabet until the letter G.

The last exercise I demonstrated and explained was the finger to the nose and went in the order of (L, R, L, R, R, L, R, and L.) During the exercise I observed the following observations; Nissinoff missed her nose on the second LR and on both RL.

At this time Nissinoff was placed under arrest for suspicion of DUI, Nissonoff's vehicle was towed by West way.
