PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and reasonable grounds to believe, and does believe that the above named Defendant committed the following violation of law.
The Person taken into custody

- ☑ committed the below acts in my presence.
- ☐ confessed to _____ admitting to the below facts.
- ☐ was observed by _____ who told _____ that he/she saw the arrested person commit the below acts.
- ☐ was found to have commited the below acts, resulting from my (described) investigation.

On the 4 day of Sept 20 18 at 0257 ☑ A. M. ☐ P.M. (Specifically include facts constituting cause for arrest.)

While on patrol at Meadowlark Drive and Royal Palm Beach Blvd, located in the Village of Royal Palm Beach, I observed a Silver BMW SUV, license TLBFL, parked in the driveway of my home. The vehicle was occupied by a Older White Male, later identified as defendant Mr. Brannon, who was asleep behind the wheel of the vehicle which was running, with the keys in the ignition, and his foot of the brake. The vehicle was in park at this time.

I then made contact with Mr. Brannon, who I do not know and inquired as to why he was there. He replied that he was on his way home. While speaking to him, I detected a strong distinct odor of an unknown alcoholic beverage coming from his breath. His eyes appeared bloodshot and he was slurring his speach slightly. I asked him if he had any health problems or was diabetic to which he replied "No". I attempted to retrieve the keys to the vehicle, however he took them out of the ignition and placed them in his lap and refused to give them to me.

Based on my observations, DUI Investigator Soriano was summoned to the scene. Upon his arrival the investigation was tot him. See DUI Probable cause for further details.

ON THE 4TH DAY OF SEPTEMBER 20 18, AT 02:57 ✓ AM PM

SUBJECT: BRANNON THOMAS L CASE NUMBER: 18116532

AGENCY: PALM BEACH COUNTY SHERIFF'S OFFICE ARRESTING OFFICER: Corporal R Soriano

PERSONAL CONTACT

DRIVING PATTERN: ACTUAL PHYSICAL CONTROL (PHYSICAL EVIDENCE OR STATEMENTS PUTTING DEF. BEHIND WHEEL OF VEHICLE)

On Tuesday September 4, 2018 at approximately 02:57 hours, I responded to 100 Meadowlark Drive in the Village of Royal Palm Beach to a suspicious vehicle call involving a possible drunk driver. Upon my arrival, I observed Deputy Mosley #9079 and his patrol car parked behind a Silver BMW X5 bearing Florida tag "TLBFL" on the front lawn of the property located at the aforementioned address. Upon exiting my vehicle, I met with Deputy Mosley who told me the following; he was patrolling Meadowlark Drive and observed a suspicious vehicle on his property which is the aforementioned address and for the purposes of this report shall remain confidential. Deputy Mosley did not recognize the vehicle and decided to approach it to determine if anyone was inside. Deputy Mosley made contact with a white male who is in the driver seat and determined the vehicle was running and the male who was later identified as Thomas Louis Brannon was sleeping behind the wheel with his foot on the break. Deputy Mosley was able to get him to roll the window down and have him turn off the vehicle. Deputy Mosley asked Brannon what he was doing on the property and he answered by saying he was on his way home. Deputy Mosley advised that Brannon's address is nearby in the next development to the south. (Refer to Deputy Mosley's supplemental P.C)

OBSERVATION OF DRIVER:

Then approached the BMW X5 and observed that it was parked parallel to the driveway facing southbound towards the residence. I observed in the driver seat was a white male who was wearing beige shorts and white collar shirt. While questioning the driver, who I later identified as Thomas Louis Brannon via the driver and vehicle information database [redacted] I noticed he was the registered owner of the vehicle and appeared confused when I began to speak to him. I introduced myself and asked him if he knew why the deputies were out with him. He stated he knew and asked me to remind him. I told Brannon that the deputies were out with him because they noticed the vehicle on the property and know that it does not belong there. He seemed confused and then I advised him that the deputies were also under the suspicion that he may have consumed an unspecified amount of an unknown alcoholic beverage which may have impaired his ability to operate the vehicle safely which could have contributed to him ending up at the above location and falling asleep. While speaking to Brannon, I detected a strong odor of an unknown alcoholic beverage coming from his breath. I observed his eyes were red and glossy . I asked Brannon if he would be willing to submit to Standardized Field Sobriety Tasks (SFST's) to determine if he was O.K. to continue before we let him drive away. Brannon agreed and was asked to step out of the vehicle.

DRIVER'S STATEMENTS:

I asked Brannon if he had been drinking or used any drugs. Brannon stated he did not remember. I asked Brannon if he had any medical problems and/or previous injuries and he answered by saying that he is a veteran and that the V.A says he has medical problems and gives him medicine. Brannon could not tell me what medical problems and or medication he takes. I observed Brannon was wearing glasses and he stated he did not wear contact lenses. Brannon was asked to remove his glasses for the HGN task.

ODORS:

Obvious odor of an unknown alcoholic beverage

- [x] LT- EYE-ONSET OF NYSTAGMUS PRIOR TO 45 DEGREES
- [x] RT- EYE-ONSET OF NYSTAGMUS PRIOR TO 45 DEGREES

Other Observations:

HGN- Once positioned in the front of my vehicle, I continued my investigation. I instructed Brannon to keep his hands by his side, stand with his feet together, and follow a blue light stimulus with his eyes not turning his head. I asked him if he understood my instructions. Brannon verbally stated he understood. While speaking to Brannon, I observed both eyes to be red, bloodshot, and glassy. His left and right eye displayed equal pupil size, equal tracking, and a lack of smooth pursuit. I observed distinct and sustained nystagmus was present in both his left and right eye at maximum deviation during two separate four second evaluations. The onset of nystagmus was prior to a 45 degree angle in both his left and right eye during two separate four second evaluations. Vertical nystagmus was not present in both the left and right eye during two separate four second evaluations. While conducting the task, I had to remind him to keep his hands by his side, not turn his head and follow the stimulus multiple times.

WALK & TURN:

I positioned Brannon on a yellow line created using yellow duct tape. The tape was placed on a smooth and level surface, free of any debris and well lit by the headlights on my vehicle, along with nearby street lighting. I placed Brannon in the instructed position and observed he was having difficulty maintaining it. I explained the task and asked Brannon if he understood my instructions. Brannon appeared confused, so I asked him again if he understood. Brannon stated no and was given the instructions again. Once again Brannon had difficulty maintaining the instructed position and stated he understood. During the task, I observed Brannon stopped walking to steady self, did not touch heel to toe, stepped off the line, used arms to maintain balance (+6"), did not turn properly (wrong way and stumbled), and took incorrect number of steps.

ONE LEG STAND:

I placed Brannon in the instructed position and observed he was having difficulty following instructions. I explained and demonstrated the instructions and asked Brannon if he understood. The instructions were explained and demonstrated twice and Brannon refused to perform. Brannon was read Taylor warnings and asked to perform and once again refused. (refer to in car video).

FINGER TO NOSE:

I placed Brannon into the instructed position and advised him to remain in the position until instructed further. During the task, I observed Brannon did not keep eyes closed, failed to return arms to side, correct finger did not touch tip of nose as instructed on 4 counts and he used the wrong hand.

ROMBERG ALPHABET:

I verbally inquired if Brannon could recite the entire English alphabet. He stated he was, and was given instructions to recite the English alphabet in a slow and methodical manner without singing or rhyming it. I demonstrated and asked him if he understood the instructions. Brannon verbally replied he understood. During the task, I observed Brannon did not keep eyes closed and did not recite the alphabet as instructed. He started too soon and recited entire alphabet rapidly in rhythm.
