The Person taken into custody

☒ committed the below acts in my presence.

☐ confessed to _____ admitting to the below facts.

☐ was observed by _____ who told _____ that he/she saw the arrested person commit the below acts.

☐ was found to have commited the below acts, resulting from my (described) investigation.

On the 10TH day of OCTOBER 2018 at 12:46 ☒ A. M. ☐ P.M. (Specifically include facts constituting cause for arrest.)

PROBABLE CAUSE STATEMENT

On Wednesday, October 10, 2018 at approximately 0050 hours, I was patrolling in the 3000 block of Gun Club Rd, in unincorporated West Palm Beach, Florida 33406 westbound, when I observed a red two door vehicle bearing Florida tag (HSVH77) traveling in the same direction ahead of my marked patrol vehicle. The vehicle failed to maintained it' lane a few times which alerted my attention. I slowed down to observed the vehicle's driving pattern, as the vehicle's operator was driving in a manner consistent with a person who is either distracted or impaired. The vehicle was swerving from one lane to the next and came close to striking the side walk. At this point I conducted a traffic stop in the 4000 block of Gun Club Rd, where the driver turned northbound on kirk Rd and came to a stop.

I introduced myself to the driver and explained the reason for the traffic stop. I then asked the driver for her driver license, registration and vehicle insurance card. The driver identified herself as Valerie Yokemick, but was not able to produce her driver license until approximately ten minutes later. She kept asking "what is it that you need again". Ms. Yokemick spontaneously uttered that she had a few alcohol drinks earlier at the bar, and that she was fine to drive home. As Ms. Yokemick continued to speak, I was able to hear her speech which was greatly slurred as well as her eyes were glossy and red. Being concerned for Ms. Yokemick safety, I asked for a PBSO DUI Investigator to respond on scene to evaluate Ms. Yokemick ability to operate a motor vehicle. With Ms. Yokemick being turned over to the DUI unit, I also issued her a traffic citation for failure to maintain a single lane {FSS316.089(1)}.

D.U.I. PROBABLE CAUSE AFFIDAVIT

ON THE 10TH DAY OF OCTOBER 20 18, AT 00:46 ✓ AM PM

SUBJECT: YOKEMICK VALERIE B CASE NUMBER: 18-131362

AGENCY: PALM BEACH COUNTY SHERIFF'S OFFICE ARRESTING OFFICER: Corporal R Soriano

PERSONAL CONTACT

DRIVING PATTERN: ACTUAL PHYSICAL CONTROL (PHYSICAL EVIDENCE OR STATEMENTS PUTTING DEF. BEHIND WHEEL OF VEHICLE)

On Wednesday October 10, 2018 at approximately 00:51 hours, I responded to a traffic stop involving a possible drunk driver, at the intersection of Gun Club Road and Kirk road in unincorporated Palm Beach County. Upon my arrival, I observed a red Lexus IS 200 2 door sedan bearing Florida tag# "HSVH77" parked to the far right northbound lane of Kirk Road, north of the intersection and two marked patrol cars with their emergency lights activated parked directly behind. Upon exiting my vehicle, I met with Deputy Hylton #32393, who told me the following, He was traveling westbound on Gun Club Road, when he observed a red 2 door vehicle failing to maintain a single lane. The vehicle swerved from side to side crossing the center divider and back over almost striking a sidewalk. He conducted a traffic stop and observed that the driver was slurring her words, had red and glossy eyes and strong odor of an unknown alcoholic beverage coming from her breath. He requested that I respond and conduct a DUI investigation. Refer to Deputy Hylton's supplemental probable cause affidavit.

OBSERVATION OF DRIVER:

I observed a white female wearing black pants and black shirt with flowers standing behind the red Lexus leaning against the trunk. I approached the female and identified her as Valerie Blanche Yokemick by her valid Florida driver's license. I asked Yokemick if she knew why she was being stopped and she answered "no" at first and before I could explained she cut me off and said "yes". Yokemick told me she had been stopped for not maintaining her lane. While speaking to Yokemick, I observed her eyes appeared red and glassy. I observed that she was slurring her words and detected a strong odor of an unknown alcoholic beverage coming from her breath. I asked Yokemick if she would consent to Standardized Field Sobriety Tasks to ensure she was o.k. to continue about her way and Yokemick agreed.

DRIVER'S STATEMENTS:

I asked Yokemick if she had been drinking or used any drugs. Yokemick advised me she drank vodka, club soda and cranberry mixed in one drink. I asked Yokemick if she had any medical problems and/or previous injuries they had and she answered "no." I asked Yokemick if she wore any glasses or contacts to correct her vision and she once again answered "no." Finally, I asked Yokemick if she takes any medications and she answered "no"

ODORS:

Obvious odor of an unknown alcoholic beverage

GENERAL OBSERVATIONS

SUBJECT: YOKEMICK VALERIE **CASE NUMBER** 18-131362

ROADSIDE TASKS

HORIZONTAL GAZE NYSTAGMUS:

- [x] LT EYE-LACK OF SMOOTH PURSUIT
- [x] LT EYE-DISTINCT & SUSTAINED NYSTAGMUS AT MAX. DEVIATION
- [x] LT- EYE-ONSET OF NYSTAGMUS PRIOR TO 45 DEGREES
- [x] RT EYE-LACK OF SMOOTH PURSUIT
- [x] RT EYE-DISTINCT & SUSTAINED NYSTAGMUS AT MAX. DEVIATION
- [x] RT- EYE-ONSET OF NYSTAGMUS PRIOR TO 45 DEGREES

Other Observations:

I escorted Yokemick to the front of my patrol car and observed that she appeared shaky on her feet and lost her balance stepping up onto the paved sidewalk. Once positioned in the front of my vehicle, I continued my investigation. I instructed Yokemick to keep her hands by her side, stand with her feet together, and follow a red light stimulus with her eyes not turning her head. I asked her if she understood my instructions. Yokemick verbally stated she understood my instructions. Yokemick swayed while standing stationary. I observed both eyes to be red, bloodshot, and glossy. Her left and right eye displayed equal pupil size, equal tracking, and a lack of smooth pursuit. I observed distinct and sustained nystagmus was present in both her left and right eye at maximum deviation during two separate four second evaluations. The onset of nystagmus was prior to a 45 degree angle in both her left and right eye during two separate four second evaluations. Vertical nystagmus was not present in both the left and right eye during two separate four second evaluations. While conducting the task, I had to remind her to keep hands by her side, not turn her head and follow the stimulus multiple times.

WALK & TURN:

I positioned Yokemick on a painted white line which was on a smooth and level surface, free of any debris and well lit by the headlights on my vehicle. I instructed Yokemick to place her left foot on the line and her right foot in front of the left touching heel to toe. I instructed her that she was to keep her hands at her side and stay in this position until I instructed her to do otherwise. I instructed her to walk nine heel to toe steps counting out loud, while watching her feet. On the ninth step she was to keep her front foot on the line and use her back foot, in a series of small steps, to turn around before walking nine heel to toe steps the opposite direction counting out loud and watching her feet. I demonstrated the task, while I was verbally instructing her in the proper way to complete the task. I explained the entire task twice as Yokemick appeared to not understand. After verbally indicating that she understood my instructions, I had Yokemick complete the task. During the task, I observed Yokemick swayed while balancing, started too soon, stops walking to steady self, did not touch heel to toe, stepped off the line several times. Used arms to maintain balance (+6"), did not turn properly and took incorrect number of steps.

ONE LEG STAND:

I placed Yokemick with her feet together and arms at her side. I demonstrated the task as I verbally instructed her to raise one of her feet approximately six inches off of the ground, point her toe towards my patrol car, look at the raised foot, and count out loud 1001, 1002, 1003 and so on until told to stop. I asked her if she understood the instructions and demonstration I provided. Yokemick appeared to not understand and began to walk instead of stand on one leg as instructed. After giving instructions the second time, Yokemick stated she understood my instructions, the task was performed. While Yokemick stood in the instructional position, I observed she started too soon, swayed while standing stationary. While raising her foot she put her foot down and began walking. Yokemick would raise her feet and take a step. Not completing task as instructed.

FINGER TO NOSE:

I instructed Yokemick to stand with her feet together, make each hand into a fist keeping, extended her index fingers and to place her palms facing up. She was instructed to lower her arms by her side. I instructed and demonstrated the proper hand and arm position and for her to remain in this position while I demonstrated the rest of the task. I instructed and demonstrated her to tilt her head back approximately 45 degrees and close her eyes while waiting for a verbal command of left or right. On the command of "left" or "right", she would raise the requested hand, touch the tip of her finger to the tip of her nose, then bring her hand immediately back down to her side. During the instruction and demonstration of the task she swayed heavily while standing in the instructional position. I asked her if she understood the instructions I provided and she verbally stated she understood. I instructed her to start the task as explained. During the task, I observed Yokemick began to walk taking a step with the foot in relation to command. I stopped Yokemick, and reexplained the entire task. I asked Yokemick if she understood the task and once again she stated "yes." I observed Yokemick take a step every time I gave her a command, did not have arms down by her side and did not complete task as instructed.

ROMBERG ALPHABET:

I verbally inquired if Yokemick could recite the entire English alphabet. She stated she was able to recite the English alphabet and I instructed her to place her feet together with her arms at her side and stay in this position until told to do otherwise. I instructed her that upon starting she was to tilt her head back approximately 45 degrees and close her eyes. She would begin to state the alphabet in a slow and methodical manner without singing or rhyming it. I asked her if she understood the instructions and she verbally replied she understood. During the instructions she continued to sway while standing stationary. I instructed Yokemick to start the task as explained. During the task, I observed swayed more than (+2") from side to side, from front to back, used arms for balancing and began to walk as she called out each letter. I stopped her and once again explained the entire task. After understanding task, Yokemick performed the task and reciting the alphabet with a cadence and rhymed several letters.
