PROBABLE CAUSE STATEMENT

On 12/22/2018 at approximately 1:22AM, I was on routine patrol in the area of Lake Worth Rd and Military Trl. I was facing Eastbound on Lake Worth Rd and was in the left turn lane to turn North on Military Trl. I observed a gray Jeep SUV approaching Southbound on Military Trl. North and Southbound traffic had a solid red light. The vehicle caught my attention as it was approaching the intersection and I did not believe it was going to stop for the red light. At the last moment, the gray Jeep applied it's brakes in a last minute attempt to stop at the red light. The vehicle passed the stop bar and came to final rest well into the intersection. The vehicle was so far into the intersection that it was completely blocking the curb lane of Westbound traffic on Lake Worth Rd.

I got behind the vehicle, activated my red and blue emergency lights and conducted a traffic stop on the gray Jeep bearing FL tag JNAZ71. I attempted to get the driver to make a right hand turn onto Lake Worth Rd so that he was clear of the dangers of the intersection. The driver did not yield and attempted to continue Southbound when the traffic light turned green. The vehicle was stopped and turned off at that time. As I made contact with the driver, he was wearing a white shirt with denim pants. I asked him for his driver's license. He handed me his entire wallet. When asked again to just provide me with his license, he again handed me his entire wallet which did not have his license at all. When asked where he was coming from, the subject could only say he was heading home. I instructed him to exit the vehicle. I could smell the obvious odor of an unknown alcoholic beverage coming from the driver's person and his breath. He was instructed to walk to the curb so that the vehicle could be moved out of the intersection and to a safe location. The driver exited the vehicle and was extremely shaky on his feet. He had trouble maintaining his balance and needed assistance walking to the curb. At one point, the subject fell while making his way to the sidewalk. Once he was sat down on the curb, the subject was identified by his Florida Driver's license as W/M Vincent Bucar. Bucar's eyes were extremely bloodshot and glazed. I began asking for his address to verify that the address on his license was correct. He could only give me the numerical but nothing further. His speech was extremely slow, thick and at times hard to understand. I again could smell the strong odor of an unknown alcoholic beverage coming from his breath as he continued to speak. Bucar was unable to tell me where he was coming from. The passenger of the vehicle advised that he and Bucar were at the Spearmint Rhino Gentlemen's Club. Bucar said that he had been drinking while there.

With the obvious indicators of impairment observed, Cpl. Soriano #9418 was called to the scene to conduct a DUI assessment. Upon his arrival, the investigation was turned over to him.

This concludes my involvement in this case.

PERSONAL CONTACT

DRIVING PATTERN: ACTUAL PHYSICAL CONTROL (PHYSICAL EVIDENCE OR STATEMENTS PUTTING DEF. BEHIND WHEEL OF VEHICLE)

On Saturday, December 22, 2018 at approximately 01:27 hours, I responded to the intersection of Lake Worth Road and S. Military Trail in unincorporated Palm Beach County in regards to a traffic stop involving a possible drunk driver. Upon my arrival, I observed a dark gray 4 door Jeep bearing Florida tag "JNAZ71" facing westbound on Lake Worth Road in the #3 lane against the curb (sidewalk). Behind the jeep was Investigator Zaitz's patrol car with its emergency lights activated. Upon exiting my vehicle, I made contact with Investigator Zaitz who told me the following, " I was on routine patrol in the area of Lake Worth Rd and Military Trl. I was facing Eastbound on Lake Worth Rd and was in the left turn lane to turn North on Military Trl. I observed a gray Jeep SUV approaching Southbound on Military Trl. North and Southbound traffic had a solid red light. The vehicle caught my attention as it was approaching the intersection and I did not believe it was going to stop for the red light. I got behind the vehicle, activated my red and blue emergency lights and conducted a traffic stop on the gray Jeep bearing FL tag JNAZ71. I attempted to get the driver to make a right hand turn onto Lake Worth Rd so that he was clear of the dangers of the intersection. The driver did not yield and attempted to continue Southbound when the traffic light turned green. The vehicle was stopped and turned off at that time. As I made contact with the driver, he was wearing a white shirt with denim pants. I asked him for his driver's license. He handed me his entire wallet. When asked again to just provide me with his license, he again handed me his entire wallet which did not have his license at all. When asked where he was coming from, the subject could only say he was heading home. I instructed him to exit the vehicle. I could smell the obvious odor of an unknown alcoholic beverage coming from the driver's person and his breath. He was instructed to walk to the curb so that the vehicle could be moved out of the intersection and to a safe location. The driver exited the vehicle and was extremely shaky on his feet. He had trouble maintaining his balance and needed assistance walking to the curb. At one point, the subject fell while making his way to the sidewalk. Once he was sat down on the curb, the subject was identified by his Florida Driver's license as W/M Vincent Bucar. Bucar's eyes were extremely bloodshot and glazed. I began asking for his address to verify that the address on his license was correct. He could only give me the numerical but nothing further. His speech was extremely slow, thick and at times hard to understand. I again could smell the strong odor of an unknown alcoholic beverage coming from his breath as he continued to speak. Bucar was unable to tell me where he was coming from. The passenger of the vehicle advised that he and Bucar were at the Spearmint Rhino Gentlemen's Club. Bucar said that he had been drinking while there.

With the obvious indicators of impairment observed, you were called to the scene to conduct a DUI assessment.

OBSERVATION OF DRIVER:

I walked to the crosswalk of the NW corner of the intersection and observed a white male wearing dark blue jean pants and a white long sleeve striped shirt sitting on the curb. I identified the male as Vincent James Bucar by his Florida driver's license. While questioning Bucar, I observed that he was unsure why he had been stopped. I advised him of the reasons for the traffic stop and advised him that the deputies on scene were concerned for his well being and with that I was requested to submit to standardized field sobriety tasks (SFST's) to verify he was ok to drive. I observed Bucar's eyes appeared red and glossy. I observed that he was slurring his words. Bucar was asked to step to the front of my vehicle to perform field sobriety tasks which he agreed to. While walking to the front of my vehicle, Bucar appeared to be shaky on his feet. I observed Bucar had difficulty standing up from the seated position on the curb.

DRIVER'S STATEMENTS:

I asked Bucar if he had been drinking or used any drugs. Bucar stated he drank a few bud lights earlier and also stated he was O.K.. I asked Bucar if he had any medical problems and/or previous injuries and he answered "no." I asked Bucar if he wore any glasses or contacts to correct his vision and he answered "no." I asked Bucar if he takes any medications and he answered no.

ODORS:

Obvious odor of an unknown alcoholic beverage

Other Observations:

Attempted to perform HGN, Bucar would not keep his head straight and follow instructions.

WALK & TURN:

I positioned Bucar on a yellow line created using yellow duct tape, which was on a smooth and level surface, free of any debris and well lit by the headlights on my vehicle. I instructed Bucar to place his left foot on the line and his right foot in front of the left touching heel to toe. I instructed him that he was to keep his hands at his side and stay in this position until I instructed him to do otherwise. Once placed into the instructed position, I explained and demonstrated the rest of the task. During the task, I observed Bucar swayed while balancing, started too soon, stops walking to steady self, did not touch heel to toe, stepped off the line several times, used arms to maintain balance (+6"), did not turn properly as instructed and Bucar took incorrect number of steps. Bucar was stopped before walking into the front of my vehicle. Afterwards Bucar stated he understood the instructions and wanted to start over. On the second attempt, I observed the same clues as previously mentioned.

ONE LEG STAND:

I placed Bucar with his feet together and arms at his side. Once Bucar was placed into the instructed position, I explained and demonstrated the task. Once Bucar stated he understood, the task was performed. During the task, I observed, Bucar could not maintain the instructed position, he did not follow instructions and reverted to performing the walk and turn task. Once again he had to be stopped before walking into the front of my patrol car.

FINGER TO NOSE:

I instructed Bucar to stand with his feet together, make each hand into a fist keeping, extended his index fingers and to place his palms facing up. He was instructed to lower his arms by his side. I instructed and demonstrated the proper hand and arm position and for him to remain in this position while I demonstrated the rest of the task. I instructed and demonstrated him to tilt his head back approximately 45 degrees and close his eyes while waiting for a verbal command of left or right. On the command of "left" or "right", he would raise the requested hand, touch the tip of his finger to the tip of his nose, then bring his hand immediately back down to his side. During the instruction and demonstration of the task, I observed Bucar swayed heavily while standing in the instructional position and could not maintain feet together. Also while attempting to position him in the instructional stance he had difficulty with manual dexterity and struggled to extend his index fingers without using the rest of his fingers. I asked Bucar if he understood the instructions I provided and he verbally stated he understood. I instructed him to start the task as explained. During the task, I observed Bucar did not use correct finger did not touch tip of nose on every right command, used wrong hand and did not return his hands down by his side.

ROMBERG ALPHABET:

I verbally inquired if Bucar could recite the entire English alphabet. He stated he was able to recite the English alphabet and then mentioned I can't say it backwards. I advised Bucar that I did not want him to recite the alphabet backwards and asked him to listen carefully to my instructions. I instructed Bucar to place his feet together with his arms at his side and stay in this position until told to do otherwise. I instructed him that upon starting he was to tilt his head back approximately 45 degrees and close his eyes. He would begin to state the alphabet in a slow and methodical manner without singing or rhyming it. I asked him if he understood the instructions and he verbally replied he understood. During the instructions he continued to sway while standing stationary. I instructed Bucar to start the task as explained. During the task, I observed Bucar swayed more than (+2") from side to side, from front to back and could not recite alphabet as instructed.
